Jordan Accepts Cease-Fire, Other Arab States Fight On

Council Called By U. S. Today For War Action

UNITED NATIONS, N. Y. (AP)—At the request of the United States, the U.N. Security Council was called to meet in urgent session at 2 p.m. EDT today to consider further action to stop the Arab-Israeli war — still going on despite two U.N. cease-fire appeals.

At the insistence of Soviet Ambassador Nikolai T. Fedorenko, the council unanimously backed up its original cease-fire appeal of Tuesday night with a demand that the warring governments cease all military activities at 4 p.m. EDT Wednesday.

Both the Soviet resolution and the appeal Tuesday night received the unanimous support of the council.

Jordan Quits

Israel informed the U.N. Wednesday night that a cease-fire with Jordan had gone into effect at the specified deadline.

But an Egyptian government spokesman in Cairo, asked about the new truce call, declared: "Egypt will fight on."

The council also had on today's agenda a Canadian proposal that the council ask its president, Ambassador Hans R. Tabor of Denmark, "with the assistance of the U.N. secretary-general, to take the necessary measures to bring about full and effective compliance with these resolutions."

Bypass That?

Some diplomats considered the resolution an attempt to reduce the role of Secretary-General U. Thant in the crisis. But Canadian Ambassador George Ignatieff denied this. He said it was designed solely to give someone the authority to take steps to implement the cease-fire resolutions, which he said those resolutions failed to do.

Fedorenko told the council Wednesday that the "forces of aggression" — a reference to Israel — were "paying no heed" to the earlier call for an immediate cease-fire. This, he warned, "may create an even more menacing situation in the area."

Soviet Raps Israel

He read the text of a Soviet message to the Israeli government threatening to sever relations with Israel if it did not comply with the resolutions. The statement also warned that the Soviet government "would implement other necessary measures stemming from Israel's aggressive policy" if the fighting did not stop.

Fedorenko made no reference to the failure of all of the Arab belligerents except Jordan to accept the cease-fire appeal.

Survey Ordered

LANSING (AP)—The State Highway Department has assigned a survey crew to define the right of way on U.S. 2 from Ironwood to Wakefield in Gogebic County. Permanent boundary markers will be installed when the survey is completed.

Israelis Dig In For Post-Truce Peace Efforts

By The Associated Press

Egyptian forces threw up stiff resistance to Israeli troops in the western Sinai Desert today, but a cease-fire prevailed on the Jordanian front. The Israelis said they had seized all of Palestine west of the Jordan River and the Dead Sea, extending their boundary to that of pre-1948 Palestine.

Although the Israelis accepted Jordan's offer of a cease-fire, Egypt vowed to fight on despite a second truce call from the U.N. Security Council.

An Israeli army spokesman said Egyptian and Israeli infantry units were still fighting at Bir Gif Gafa, about 45 miles east of the Suez Canal on the central highway through Sinai. He reported the Israelis were also meeting tough resistance at the Mitla Pass, just east of the city of Suez and the southern end of the canal.

Hold Key Points

The Israeli government announced its forces had taken over Jordan's Hebron Hills south of Jerusalem and reached the Dead Sea. Earlier they had reported capture of the Jordanian bulge north of Jerusalem and west of the Jordan River. But Old Jerusalem, despite its capture Wednesday, was still out of Israeli hands.

Slaughter

AMMAN, Jordan (AP)—King Hussein told a news conference today that Jordan is observing a cease-fire after suffering "tremendous losses" due to Israeli overwhelming air superiority.

He added that the Jordanian armed forces fought against almost impossible odds.

bounds to all civilians because some isolated pockets of snipers remained, and some sniping also was reported on the road from Jerusalem to Bethlehem.

Israeli forces held key points in vast stretches of Egypt's Sinai Desert including eastern approaches to the Suez Canal and Israel's main objective: Sharm el Sheikh overlooking the entrance to the Gulf of Aqaba. But an Israeli spokesman in Tel Aviv categorically denied that any Israeli troops were on the banks of the canal despite a report from Israel's delegation to the U.N. Wednesday night that Israeli troops had entered Ismailia, at the midpoint of the canal.

Don't Seek Canal

Maj. Gen. Moshe Dayan, the Israeli defense minister, told newsmen Wednesday: "It is not and was not our aim to get to the Suez Canal. Why go there and get involved in something that is not our business?"

Apparently digging in for the protracted negotiations that are certain to follow the end of the fighting, the Israeli government named Brig. Gen. Haim Herzog commander of its troops in the area taken from Jordan and Gen. Moshe Goren to command the Gaza Strip and the northern Sinai Peninsula.

Gen. Dayan told newsmen Israel would not give up any part of Jerusalem and would maintain its right of passage through the Gulf of Aqaba, its route to East Africa, Asia and the oil it gets from Iran.

Arabs Fight On

But Jordan was the only Arab belligerent to break ranks. A senior Egyptian government spokesman in Cairo declared: "Egypt will fight on." Algiers Radio, ignoring Jordan's action, said all the Arab's countries involved in the fight had refused to accept the cease-fire and still had faith in victory. Iraq also rejected the U.N. truce call.

After announcing Wednesday that its forces in Sinai had fallen back to their second line of defense, the Arab High Command claimed today that its planes had wiped out an Israeli armored unit advancing on a coastal road behind El Arish and resistance inside El Arish was continuing. El Arish, only 30 miles inside Sinai from Israel, fell to the Israelis on Monday, and the Israeli drive since has been reported far west of it.

The mood in Cairo was one of Please Turn To Page 6, Col. 4

Johnson Spending Rebuffed By GOP

WASHINGTON (AP)—House Republicans, joined by conservative Southern Democrats and a sprinkling of antiwar liberals, dealt President Johnson a surprise defeat in rejecting his bid to raise the national debt ceiling \$29 billion.

The unique coalition voted 210 to 197 Wednesday against the proposed largest debt increase since World War II and forced the administration to come up with a new, probably cut-down plan or face a government bill-paying crisis after June 30.

The victory was doubly sweet for Republicans who called in debate for a vote of no confidence in Johnson's fiscal policies and denounced what they called false budget figures.

"We don't believe the President's figures," said Rep. Thomas B. Curtis, R-Mo., "I don't see any reason why we should. They're false on the revenue estimates and false on the expenditure estimates."

Demos Stunned

GOP spokesmen argued that

defeat of the debt ceiling measure could force the administration to revise its budget and cut domestic spending.

The defeat stunned Democratic leaders, who had felt the Vietnam war and the Middle East crisis would inspire adequate bipartisan backing for Johnson's money plans.

Congress must do something by June 30. On July 1, under existing law, the present \$336 billion borrowing ceiling automatically drops to the permanent legal level of \$285 billion, well below the actual debt of about \$331 billion.

Electric Car Big 3 'Threat'

DETROIT (AP)—A professor specializing in automotive economics sees the electric automobile posing a three-fold threat to today's automakers and he is skeptical any great advancement in electric transportation will come out of the automotive industry.

General Motors, Ford and Chrysler, among others, are experimenting with electric-powered automobiles as a means of eliminating vehicular air pollution. None yet has a market-ready car.

Dr. Lloyd D. Orr, assistant professor of economics at Indiana University, says turning over electric car development to automakers "would be as foolish as it would have been at the turn of the century to have put a conservative livery stable operator in charge of development of the horseless carriage."

He said an electric car competitive with today's gasoline-driven automobiles would pose threats in the areas of planned obsolescence, economics of large-scale production, and dealership systems.

Plea

VATICAN CITY (AP)—Pope Paul VI appealed today to the chiefs of state of warring nations of the Middle East "in the name of God" to heed the request of the United Nations for a cease-fire.

The Pope's message was sent to the chiefs of state of Israel, the United Arab Republic, Jordan, Syria and Iraq.

Rep. John W. Byrnes of Wisconsin, senior Republican member of the Ways and Means Committee, offered GOP support for a temporary extension of the present limit to give the administration time to carry out the budget revision the Republicans demand.

Deficit Growing

But Ways and Means Chairman Wilbur D. Mills, D-Ark., said no decision yet has been made on how to proceed.

The \$336-billion ceiling would carry the Treasury for several months, but the continued high level of spending on Vietnam and other programs would outstrip revenues and pile up a deficit that would have to be financed by more borrowing.

Democrats conceded the deficit for the year beginning July 1 probably will exceed the \$11-billion administration estimate.

Discussing the vote, House Republican Leader Gerald R. Ford said, "I believe this is a turning point away from irresponsible fiscal policies toward responsible ones of cutbacks in nonessential and nonmilitary spending."

Voting against the measure were 176 Republicans and 34 Democrats, including eight Democrats from other than Southern states.

It was the first time the House had rejected a Treasury request for a debt ceiling increase and only the second time in his nine years as Ways and Means chairman that Mills had lost a major bill in the House.

U. S. Navy Ship Attacked In War

By The Associated Press

A U.S. Navy vessel was attacked mistakenly Thursday by Israeli torpedo boats and planes in the Mediterranean about 15 miles north of the Sinai peninsula and the Pentagon announced in Washington that four Americans perished and 53 were wounded.

The vessel was identified as the USS Liberty, a technical research ship in position to assure communications for U.S. government posts in the Middle East. She carried a crew of 297 and suffered at least one torpedo hit. The Pentagon said the Israeli government had informed Washington the attack was made in error and apologized.

Missile Base Hit By Carrier Planes

SAIGON (AP)—U.S. Navy carrier pilots thrust deep into North Vietnam Wednesday to damage a major MIG airfield badly and leave a secret Red missile base a cauldron of flames and uncontrollable rockets snaking skyward and across the ground.

The U.S. Command also reported increased ground action after a four-day lull in the war in the South. There were two sharp fights near the demilitarized zone, another near Saigon and a handful of guerrilla raids including the destruction of a 200-foot bridge 10 miles from Saigon.

The big raid on the secret site housing Soviet-built missiles was made by pilots from the nuclear-powered carrier Enterprise after aerial photos disclosed the highly camouflaged base hidden in a forest 50 miles southwest of Hanoi.

Waves of Phantom, Skyhawk and Intruder jets flashed into the area with bombs, rockets and cannon fire. Pilots reported the site erupted in explosions of white, orange and black smoke towering 5,000 feet up.

The narrow 40-foot missiles which pilots call "flying telephone poles" sometimes went slithering off violently when blown from their transport vehicles.

The other big raid of the day was against the Kep MIG airfield 37 miles northeast of Hanoi on the main rail line to Red China. Although the field had been hit six times previously, the North Vietnamese air force is still using it, and the Navy pilots said they caught seven MIGs on the ground, destroyed one and damaged at least four more.

Despite the deep penetration raids, there was no report of Communist MIGs rising to challenge the U.S. planes. Neither was there any report of American losses.

Israelis KO Billions In War Aid To Arabs

WASHINGTON (AP)—U.S. military analysts say Israeli tanks destroyed or captured by the Israelis.

Tanks Knocked Out

Some American officers said they thought the Israeli claim of knocking out or seizing 200 Egyptian tanks may have been conservative.

Israeli authorities have said the Egyptians massed some 900 tanks in Sinai including about 200 in the southern area near the Israeli port of Elath. This jibes with American intelligence estimates made before the war broke out.

No one here can say for sure how many tanks the Egyptians might have pulled back to the west side of the Suez Canal. But U.S. military men doubt the Egyptians can successfully

counterattack.

It seems fairly clear that the lightning Israeli stroke against Egypt and the apparent defeat of Jordan have drastically altered the balance of power in the Middle East, perhaps for years to come.

Syria Held Off

Ground combat with Syrian forces has been comparatively limited up to now. Some U.S. military analysts believe the Israelis were satisfied to hold off the Syrians while disposing of the two major threats — Egypt and Jordan.

However, according to reports reaching here, Syria's air force suffered severely along with the air forces of Egypt and Jordan.

Developments in the war suggest a considerable part of the Soviet Union's \$2-billion investment in arms to Egypt, Syria and Iraq may have gone up in fire and smoke.

So also may have a good portion of the \$36 million in U.S. military aid to Jordan and \$46 million in U.S. arms assistance to Iraq.

Soviet Warships Tail U.S. Fleet

ABOARD CARRIER AMERICA IN THE MEDITERRANEAN

(AP)—As many as six and possibly seven Soviet vessels roamed near U.S. ships off Crete at times Wednesday. The commander of the 6th Fleet warned one to clear out of the Navy's way and "discontinue your interference and unsafe practices."

Vice Admiral William I. Martin directed the message by flashing light and a voice radio broadcast in English and Russian after Soviet guided missile destroyer No. 381 approached within 150 yards of a destroyer serving as a buffer for this 77,000-ton aircraft carrier.

At one point or another, four Soviet ships were visible from the America, the heart of a 6th Fleet task group which has steamed off Crete while awaiting possible duty in the Middle East situation.

At nightfall anti-submarine warfare helicopters tracked a possible submarine through the use of sonar. The unidentified

Flying Teacher Held By Weather

CEDAR RAPIDS, Iowa (AP)—A Michigan schoolteacher who hopes to solve the mystery of Amelia Earhart's disappearance on an around-the-world flight will be at least 24 hours late today reaching her take-off point in California.

Ann Pellegrino, 30, was grounded in Cedar Rapids by stormy weather Wednesday after leaving from Ann Arbor, Mich., and remained overnight.

She planned to leave early today for Oakland, Calif., the starting point for a 29,000 mile flight in the same model airplane in which Miss Earhart disappeared over the Pacific 30 years ago.

object was followed more than an hour.

At dawn today a Soviet cruiser moved within a few miles of the U.S. task group. It was not immediately clear whether she was joining or replacing the missile destroyer in shadowing the fleet, or merely passing through.

Other Soviet ships apparently had left the area.

Sources speculated today the 6th fleet might assist the United Nations in policing any truce arrangements.

Despite Arab claims, there is no evidence to indicate that any U.S. 6th Fleet planes aided Israel in the air.

Legal Services Of U.P. Get Evaluators' Praise

An evaluation team of two private attorneys, retained by the Office of Economic Opportunity, recently reported that Upper Peninsula Legal Services, Inc., is the best functioning program that they have visited.

The attorneys, Norman Miller, of Detroit, and Ben Slater, of Milwaukee, spent two and one half days traveling through four of the six areas served by the U.P. legal services program. To study the effectiveness of the program, which began operation in October of 1966, they interviewed more than 40 persons, including judges, lawyers and lay people, and visited several staff offices.

"Upper Peninsula Legal Services, Inc., one of 238 programs operating in the United States today is a delegate agency of UPCA, to whom the original grant of operating funds was made," said Harold Detman, chairman of UPCA. "The program is now operating through the offices of six staff attorneys, located throughout the Upper Peninsula, each serving a two or three county area."

Staff offices are located at Escanaba, Iron Mountain, Marquette, Hancock, Bessemer, and Sault Ste. Marie. Nino Green, of Gladstone, a former Detroit attorney, is executive director of the program.

15 On Board
A 15-member board of directors establishes policy for the program. Nine board members are U.P. private attorneys and six members are representatives selected by the group to be served by the program in each of the six areas to which staff attorneys are assigned.

Board members include Judge George Theut, St. Ignace, chairman; Walter Darland, Houghton, vice-chairman; Robert Clark, Marquette, treasurer; Merry Keiminen, Newberry, secretary; Robert Wood, Newberry; Clair Hoehn, Escanaba; Mary Thompson, Ontonagon; Edward Quinnell, Marquette; Bert Heideman, Hancock; Edward J. Dundon, Iron Mountain; Everett Mattson, Bessemer; Mrs. Carl Peppiat, Bark River; Alfred Tefft, Iron River; Clyde Vadnais, Marquette; John Irwin, Baraga. In their report, the evalu-

Nino Green

fors stated that they had found the board of directors to be an interested and enthusiastic group whose members meet regularly and travel great distances to do so.

Working in close cooperation with Community Action Agencies, staff attorneys travel on a regular basis to approximately 40 communities to make legal assistance available. Referrals have been made to the program by Community Action Agency employees, private and public social service agencies, and private attorneys.

OEO Financing
Generally, persons receiving categorical public assistance, such as welfare, are eligible for representation by the program. Otherwise, as a rule of thumb, a family of four with an annual income of less than \$3,000 is eligible for assistance, with consideration being given to the relationship between the applicant's financial condition and the cost of private representation.

The legal services program is funded, in large part, through the Office of Economic Opportunity. Ten per cent of funding must be met through local contributions of space and furnishings and through donated services of private attorneys conducting a program of community education.

Recently, a private attorney presented a three hour lecture to an audience of approximately 200 persons at Marquette. Bar associations in four of the six areas served by the program have adopted resolutions pledging donated time for community education.

Efforts are also made by program staff to help community service organizations to identify legal problems among the poor.

One staff attorney is assisting youths at a job corp training center in their effort to establish self-discipline, and to acquire a better understanding

of the framework of rights and responsibilities under the law. The program is also working with a group of citizens in the establishment of an organization to assist senior citizens in obtaining employment, recreation and other social opportunities and benefits.

Other senior citizens receiving legal assistance have included persons who could not qualify for a homestead tax exemption on real property because of questionable title.

To date, more than 662 applications for assistance have been received by the program. Of these, 432 resulted in the giving of legal advice and representation, and 125 resulted in the giving of just legal advice. Of the remaining applications 48 represented financially ineligible persons, 25 represented fee generating cases and 32 presented no legal problem.

Briefly Told

AMVETS Post 123 will meet today at 8:00 p.m. in the Post Home at 1311 N. 21st St. Harry Viaw's committee will serve lunch.

The Governing Board of Bay de Noc Community College will meet at 7:30 p.m. today at the American Timber Homes model home.

Members of the Phoebe Rebekah Lodge 179 are requested to be at the Anderson Funeral Home tonight at 7 to pay respects to their departed sister, Bertha Brinker.

A special meeting of Impellant Lodge 460 IOOF will be held Saturday, June 10, at 8 p.m., for the purpose of initiating a class of candidates. All members are requested to attend.

The Promenaders Square Dance Club will dance at 8:30 p.m. Saturday at Bay de Noc Community College. Caller will be John Morley of Sault Ste. Marie. Dancers are asked to use the southwest entrance to the college.

The Delta County Sportsman's Club announced that the regular weekly skeet and trap shoots will be held on Thursdays at 6 p.m., for the rest of the summer instead of on Wednesdays. The shoots will be held one-quarter mile west of Highway U. S. 2-41, near the Gardens of Rest Cemetery. Anyone interested in skeet and trap shooting is invited.

The Upper Peninsula Board of Realtors will be host to the Michigan Real Estate Association convention at Mackinac Island today through Saturday, according to Dick Juetten, president of the U. P. Board. Attending from this area will be Mr. and Mrs. Juetten, Mr. and Mrs. Warren Johnston, Mrs. W. K. Berglund and John Pearson of Escanaba; Charles Burton of Gladstone and Mr. and Mrs. Les Caswell of Rapid River.

A charge that he allowed his dog to run at large was denied by Ronald Lankford, 2519 S. 22nd St., in Municipal Court on Wednesday. The complaint against Lankford was made by Roger B. Johnson, 2215 S. 25th St., who reported to police that his son was bitten by the Lankford dog. Trial in the case will begin at 10 a.m. Friday in Municipal Court.

THE NORTHERNAIRES CORPS of Menominee is one of the several musical units that will perform at the U. P. American Legion Convention to be held in Escanaba June 15-17. Through the years the boys in the Northernaires have won six Upper Peninsula Legion Junior championships, three State of Michigan Legion championships, two State VFW championships and four State of Wisconsin Amvet championships.

Romney Tour To Visit Green Bay

LANSING (AP)—Gov. George Romney, a homebody in recent weeks, heads for Wisconsin Saturday in the first of a series of at least three out-of-state trips which could take him closer to the White House.

Besides Wisconsin, the journey will take Romney to Nebraska and New Hampshire, all sites of key presidential primaries next year.

The Wisconsin trip marks Romney's first out-of-state trip since May 23, when he attended a Republican fund raising dinner in Peoria, Ill.

Since then the governor, an undeclared candidate for the

1968 GOP nomination, has stuck close to home where the Legislature is considering tax reform and writing a budget for the next fiscal year.

A busy schedule has been set up for Romney in Wisconsin, arranged by Wilbur Renk of Sun Prairie, head of the state's Romney for President Committee.

Renk, a wealthy dairy farmer and an unsuccessful candidate for lieutenant governor and the U. S. Senate, has scheduled a breakfast meeting in Milwaukee for Romney backers, a trip to Appleton and another to Green Bay.

On June 23, Romney is scheduled to be a keynote speaker at the National Young Republicans convention in Omaha, Neb.

A trip to Lake Winnepesaukee, in New Hampshire, which Romney has described as a "pleasant combination" of work and rest, is planned for July 6-8.

The governor will stay at the summer home of J. Willard Marriott, a Washington hotel man and old Romney friend who is active in the Romney for President drive.

New Hampshire is the site of the nation's first primary, but Romney has declined to comment on whether he will enter that, or any other, primary.

Also reportedly on Romney's schedule is a fund raising trip to Pittsburgh on June 19 and a two-day journey to the summer meeting of the Republican Governors Association at Jackson Hole, Wyo., on June 29-30.

REPUBLICAN David Serotkin won the special election for a Michigan House Seat in the state's 75th legislative district at Mount Clemens, defeating Victor Stech to give the Republicans a 56-54 margin in the House. (AP Wirephoto)

Gogebic College Trustees Approve \$2 Million Outlay

IRONWOOD—The Board of Trustees of Gogebic Community College has approved a \$2 million outlay for the first phase of the master plan for a new campus.

Funds will come from the issuance of \$625,000 in bonds, to be matched with an equal amount from the state and federal funds totaling \$750,000.

DEDICATION

SAULT STE. MARIE—The new Poe Luck, which is under construction, will be formally dedicated in ceremonies June 15, 1968.

Powers-Spalding

Return Home

Returning recently from a motor trip through the southwest were Mr. and Mrs. James Nelson and Mr. and Mrs. William Nelson of Powers. The trip took them to nine states and they visited many points of interest, including the Grand Canyon, Hoover Dam, and Pike's Peak. While traveling through Colorado they were caught in three snow storms in the mountains and experienced a sandstorm in the desert in Arizona. While in Flagstaff, Ariz., the coldest temperature in the nation was recorded for the day while their hometown in the Upper Peninsula was enjoying a warm 82 degrees.

Jurmu Named NMU Editor

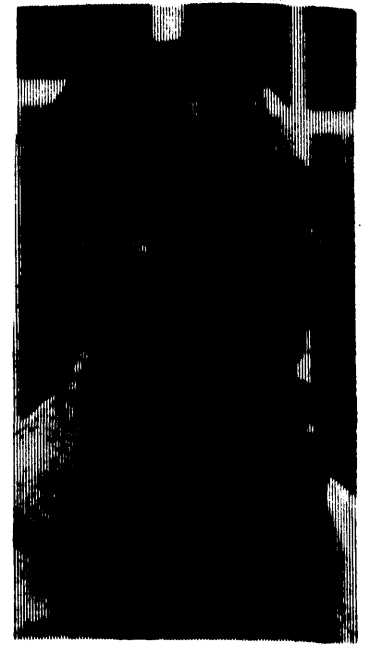

MARQUETTE — Three Upper Peninsula students have been named to top posts of Northern Michigan University's weekly student newspaper for the 1967-68 academic year.

Jeff Jurmu of Escanaba was appointed editor of the Northern News, Ruth LaVoy of Marquette was named associate editor and Robert Bruce of Munising was selected business manager.

Miss LaVoy also was named editor of this summer's edition of the paper.

The appointments were made by NMU's board of publications and communications.

Jurmu, who will be a junior at NMU next year, is a political science and economics major and ranks in the upper-quarter of his class. He has been the News' sports editor and this summer will be sports editor of the Sault Ste. Marie Evening News. He is the son of Mr. and Mrs. Ray Jurmu, 1801 Lake Shore Dr., Escanaba.

"MY DOCTOR..."

This possessive phrase is familiar to all. It represents the profound confidence American people have in physicians. But do you really have a family physician?

Even though you may have been fortunate, not requiring medical care, it is stitch-in-time wisdom to establish a "family doctor" relationship.

Simply contact the physician of your choice requesting that you would like him to serve your family should the need arise.

And if such a need arises, our prescription department is prepared to serve you and your family.

Area Candidates Support Community School Idea

The six active candidates for the Escanaba Area Board of Education have voiced support for the community recreation concept involving use of school buildings in answer to a League of Women Voters questionnaire.

All of the candidates, however, show concern over the financial implications of such a program.

Under the community concept, school buildings and facilities would be used for community-wide recreational activities and programs on a broader scale than presently arranged in the area.

The League of Women Voters asked: To what extent do you think the schools should become involved in the community recreation program for people of all ages?

Candidates responses or excerpts from them follow:

Leo Alperovitz: If, by community recreation you are considering the advancement of the learning process for all ages, for example the community school concept, I am whole heartedly for it. Under the community school concept the doors of the schools are open day and night. Yet, a question of values is involved. Costs are increased by developing a community school.

To be successful a director must be employed on a full time basis. Next, qualified personnel must be contracted to supervise and control program development. The custodial staff must be enlarged. There are night heating, lights and water costs.

What I am saying is "To what extent do you want the schools involved in a community program for people of all ages?" As residents and voters you have the right to determine how much of this program you want by signifying your interest and the extent to which you

want to foot the bill. On a purely economic basis, you have only that for which you have the ability to pay.

William DeHaan: Traditionally, the schools have been for those people between the ages of 5 and 18. I see no sound reason for this tradition. Education or recreation should not cease when a person leaves high school, but should be made available to all citizens of the school district as the needs and desires become apparent. I believe we have wasted resources when we must provide duplicate facilities for recreation and adult education apart from the existing public school facilities. While there are definitely problems of financing, depreciation of facilities and salaries for staff members due to jurisdictional conflicts of governmental units, I think it is better planning and sounder financing to completely examine this approach before committing any community to separate recreational and adult educational facilities.

Richard Hanson: I think the schools should cooperate with community recreation in so far as it does not detract from the schools' primary purpose, which is education, and does not place additional weight on the taxpayers.

Albin S. Pearson Jr.: In considering whether or not the schools should become involved in the community recreation program, I suggest we use the facilities we now have. In many urban communities I have visited, I have found that a combined program with the City Recreation Dept. using the schools facilities, on a rental basis, proved to be beneficial to the taxpayer. The more we use our fine school buildings, the better the investment. Programs could be set up for the youth, senior citizens and the Golden Age Club using our present facilities under the direction of the City Recreation Dept.

David Rivard: I would encourage continuing the present cooperation between the city and the schools in the area of recreation. I would actively support extending this cooperation as far as available school and recreation funds would allow. I believe that buildings and grounds owned by the schools of our area should be available for recreational purposes by the people of the community with some limitations, such as prior commitments for educational activities or because of financial conditions. A joint effort is needed to fully utilize existing facilities and give the taxpayers the most for their tax dollar.

Urban Steinmetz: Education is the function of the school. Providing the community with recreation is not its function. However, the school does have excellent recreational facilities which are not fully used. They could become an asset to both the school and community. I would support a community recreation program utilizing the facilities of the school only on the school and community. That the community, or a recreational corporation established by the members of the various communities within the district, enter into a contractual agreement with the school to purchase use of recreational facilities. This corporation would guarantee the school reimbursement for all costs. 2. That the recreational corporation bond itself to repair any damage to school property; 3. That the recreation director and or staff be paid by the recreational corporation, or, if school personnel were used, the recreational corporation enter into a purchase of service agreement with the school; 4. A very small percentage of the area's citizens will use the recreation facilities. These users should pay for their recreation.

NMU Presents Bachelor Degree To Mrs. Pinegar

Mrs. Kenneth J. Pinegar of Marquette, the former Beverly Cavadeas of Wilson, was one of the graduates at Northern Michigan University's 67th annual commencement on Sunday, June 4. She is the daughter of Mr. and Mrs. Tony Cavadeas of Wilson.

She received at Bachelor of Science degree and an elementary provisional certificate in education and she will teach third grade in the Ishpeming Public Schools.

Mr. and Mrs. Tony Cavadeas Sr., of Wilson, Mr. and Mrs. Emil Ogren of Escanaba, Tony Cavadeas of Michigan Tech, and Dr. and Mrs. K. G. Pinegar of Marinette, along with friends from NMU attended the commencement exercises.

Slavery was abolished in the British colonies in 1838.

KARAS MEMORIAL BANDSHELL in Ludington Park is the subject of the June cover for Escanaba's calendar. Frank Karas, musician and teacher, died July 4, 1948, after contributing much to the cultural life of the Escanaba area, and the memorial bandshell was dedicated in 1956. The drawing is by Clint Dunathan of 2009 12th Ave. S.

Band Classes Begin Monday

The beginning band program for about 100 students of the Escanaba Area Public Schools will begin Monday.

All classes will be held at the high school band rooms under the direction of David Laakso and John Chown. Students are asked to have their instruments and instruction books for the first meeting.

Classes will meet for two weeks in June, and four weeks in August. A \$7 tuition fee will be charged.

The schedule follows: 8:15 to 9:00 flutes; 9:00 to 9:45 Cornets and Clarinets; 9:45 to 10:30 trombones, baritones and saxophones; 10:30 to 11:15 French horns and basses, and 11:15 to 12:00 drummers.

Afternoon classes will be held for those who require more instruction, and for make up classes. All students are asked to use the North entrance to the high school.

Buy and sell the classified way.

Ishpeming Has New Industry

Foundry To Use Jalopies As Feed For Furnaces

Jack Dell Angelo, executive vice president of the Greater Ishpeming Chamber of Commerce and vice president of Hematite Development Corp., and David O. Farrand, industrial development specialist of UPCAP, today announced Northern Automatic Electric Foundry has been formed in Marquette County.

The corporation will be the first of its kind in the United States to employ automatic electric arc furnaces together with automatic molding machines known as Dismatics to produce small castings which are used by iron and copper mining companies, cement industries, industrial minerals industries, paint industries and for other industrial uses.

The new plant will be located a few miles west of Ishpeming near the community of North Lake. The foundry is designed to produce approximately 20,000 tons of small castings annually.

The new foundry will employ 35 persons, and the raw material suppliers will increase their work forces by 30 men as a direct result of the new firm. In addition, it is estimated that approximately 200 men will be employed in the reactivation of the scrap industry throughout the Upper Peninsula to supply the needs of the foundry.

The foundry is one in which the primary melting will be accomplished in an electric arc

furnace, and an electric induction type holding furnace will be used for alloying and final pouring. This method provides a precise control of temperature and alloying, with a resultant high quality uniform product.

The use of the new electric arc furnace will make it possible for the foundry to utilize lower grades of steel scrap than can be used in conventional melting furnaces. Normally, scrap such as auto bodies, sheet iron and wire rope cannot be used in foundries, but these raw materials will be used in this new process.

The use of junked car bodies will reduce substantially the estimated 150,000 automobiles now creating unsightly junk yards in the U.P.

The officers and directors of the Northern Automatic Electric Foundry are Marquette County businessmen. Officers are: Maurice Warshawsky, president; Sam M. Cohodas, vice-president; and Francis Nardi, secretary-treasurer.

The directors include the above named officers, as well as Willard Cohodas, James Nardi, Paul Ollila, Phillip Stein, Raymond Pajula, Arnold Warshawsky, and Tasto Maki.

The cost of establishing the new corporation with its ultra-modern electric automatic equipment and laboratory facilities has been determined by

consulting engineering firms at approximately \$2 million.

Several months of research has been devoted to the metallurgical components of these castings and the abrasive resistant component.

Many trips have been made to companies throughout the country to observe methods of operation and modern equipment such as the Dismatics. Recently the directors met with a representative of Foundries Magatteaux of Liege, Belgium, the largest manufacturer of small castings in Europe.

The financing of the project is being arranged through the investment of the incorporators, together with participation of five area banks and the Small Business Administration (SBA).

Hematite Development Corp., recently formed, has agreed to aid Northern Automatic Electric Foundry in financing required by the SBA to provide local participation under the 502 plan which concerns industrial development companies.

This will be the first industrial project undertaken by the Hematite Development Corp.

Lutheran Synod Meets Monday

The Rev. Theodore Mattson, president of the synod will preach at the service of Holy Communion opening the fifth annual convention of the Wisconsin-Supper Michigan Synod at 8 p.m. Monday June 12, at Gloria Dei Church, Hancock.

Tuesday and Wednesday afternoons, convention delegates will hear a report on the state of the Lutheran Church in America, from the Rev. Dr. Robert J. Marshall, president of the Illinois Synod.

Preacher at worship services Tuesday, Wednesday and Thursday will be the Rev. Dr. Arthur O. Arnold, who will be dean of students this fall at Lutheran School of Theology at Chicago.

At a special service Tuesday night, commemorating the 100th anniversary of Lutheranism in the Upper Peninsula, Dr. Herman will speak.

Guests at the convention will be the Rev. Dr. Raymond W. Wargelin, regional secretary for the Board of American Missions; the Rev. Dr. Robert I. Tobias, director of continuing education and the lay school of theology at the Lutheran School of Theology at Chicago; the Rev. A. Roger Gobel, director of the central region for the National Lutheran Campus Ministry; and Glen V. Holmquist, field services representative for the LCA Commission on Stewardship.

Delegates will elect the secretary of synod, various synodical board members, and 13 pastors and 14 laymen to be delegates to the 1968 LCA convention in Atlanta Ga.

Exhibits at convention will focus on the church's Manifesto, An original play, "For All People," by Erva Loomis Merow, a member of Trinity Church, Kenosha, will be presented.

A. H. Anderson Taken By Death

Alfred Herbert Anderson, 82, formerly of Brampton, died at 4:05 p.m. Wednesday at St. Francis Hospital where he had been a patient for 17 days.

He was born Oct. 19, 1884 in Bark River and was a retired plumber. His wife, Barbara, preceded him in death July 25, 1951.

Surviving are three sons, Wallace of Dearborn, Mich., Roy of Gladstone and Glenn of St. Louis, Mo.; four daughters, Mrs. Herbert (Evelyn) Johnson of Maywood, Ill., Mrs. Doris Green of West Palm Beach, Fla., Miss Donella Anderson of Newberry, Mich., and Mrs. William (Shirley) Bryan of Gladstone, 18 grandchildren and 9 great grandchildren; three stepchildren, James Laraby of Rte. 1, Gladstone, Larry of Lorraine, Ohio and Mrs. Rose Dault of Marquette.

Friends may call at the Anderson-Johns Funeral Home in Gladstone after 4 p.m. today and complete funeral services will be conducted at 11:30 a.m. Friday at the funeral home chapel with Rev. Reuben Carlson officiating. Burial will be in Lakeview Cemetery, Escanaba.

Russia's Role

Russia's role in the Near East crisis that flared into war this week is a difficult one. She set herself up as a friend of the Arab nations in their hostility toward Israel, but our diplomats said that she didn't really want war and when it came it became clear that she did not.

She joined the unanimous United Nations Security Council action calling for an immediate cease fire. There were no conditions in the call and the Arab nations regarded the Council action as a sellout of their interests because the Israelis had already shot up their armed forces, grabbed a big hunk of Egypt and won the two day old war.

If the cease-fire were to let the Israelis keep any of their spoils the Arabs would have suffered another disaster. They wanted the U. N. to brand Israel the aggressor in the war and to punish her.

It's not clear who fired the first shots in the war, and it's not greatly important in any determination of responsibility for the conflict, anyway. It was Nasser's war. When he asked the United Nations to remove the U. N. troops which had been occupying the Egyptian border with Israel for 10 years since the Suez War, he set the stage for the fighting.

Then he moved in large armed forces and talked about destroying Israel. He encouraged the other neighboring Arab nations to belligerence. He had years ago denied Israeli ships use of the Suez Canal. Now he closed the Gulf of Aqaba to her shipping. The U. N. dawdled on the issue.

Israel was surrounded by Arab hostility. When the shooting started she was mobilized and she struck out hard at her enemies. Nasser's bluster was riddled. On the third day the Gulf of Aqaba was open again because the Israelis held the heights at the entry. They occupied Arab land from the Jordan to the Suez Canal.

The Russians didn't buy the Arab big lie about British and American warplanes helping the Israelis defeat the Arabs. No Russian (government controlled) newspaper mentioned it. For the Russians to have supported such a lie, repeated for a world audience by the Arab states in the United Nations, would have put the Soviets on call for Arab demands that they give armed backing in the war the way that Britain and the U. S. were alleged to have done. She didn't want any of that.

She did call Israel the aggressor in the war and she will lead action to help her Arab friends in this dirty label effort and she also moved to salvage as much of the Arab arms and occupation as was possible by demanding an immediate cease-fire. It was too late to salvage any Arab prestige.

Israel did not close the Gulf of Aqaba. Israel did not surround the Arab nations with armed forces. In any assessment of the provocation, these actions were basic. When the U. N. failed to act resolutely on the blockade of Aqaba, Israel confronted the world with an accomplished fact of Egypt's defeat and Aqaba's opening.

It was much easier for Israel to win the war than it will be for her to win the peace. Somehow it must be made possible for the Levant to live in peace. Israel must be accepted by the Arab world and not continue to sputter like a fuse for World War III.

The blitz of this week has shown the United Nations to be a court for adversaries who aren't all truthful, much less diplomatic, but it has also revived lagging hopes that the U. N. does have a viable role in peacekeeping. While doing nothing effective in a crisis, it provided the agency to call for the cease-fire.

The war has deepened enmity in the Near East, if that's possible. It has provided a solution by the sword, and that's self-defeating. Hopefully it is not going to involve the great nations, but unless they participate in peacekeeping it isn't apt to be effective.

What Of U Thant?

By RAY CROMLEY
WASHINGTON — (NEA) — While United Nations Secretary General U Thant of Burma plays down the role of communism in the South Vietnam war and warns against stepped-up U. S. bombing in North Vietnam:

1. Mao Tse-tung's Red China gradually increases its military-political training of rebels in U Thant's own country, Burma.

2. The North Vietnamese build up local cadres, organize local underground units and stock arms in Burma's rural areas.

3. Rangoon's military dictatorship in power since 1962 shows no signs of relaxing its powers and makes certain that any elections will not disturb its control of the country.

Selected military officer members of the ruling clique have been integrated into key government political and economic offices up and down the ladder, so that regardless of who wins any elections held, the Ne Win men will rule all essential functions of the nation.

Officials grow more arrogant in dealing with townspeople and farmers.

4. Burma's students, officials, technicians, scientists and agricultural specialists now are ordered to Communist countries for study. Soviet instructors in Rangoon train Burmese technicians.

Western and neutral foreigners have been driven out. Foreign holdings have been confiscated, directly or indirectly.

5. The Burma government is openly out to destroy capitalism and all its vestiges and to institute state socialism. Publication of privately owned newspapers has been banned since 1965. All private schools have been nationalized. Almost all major industries have been taken over by the state. In wide spheres, the government has taken over from private business as buyer, distributor and shopkeeper.

6. There is growing unrest

among the native tribesmen—the Shans, Kachins, Karens and others. Some observers think this unrest will grow enough in the years ahead to threaten Burma's stability.

7. Burma's economy is slowly sliding into chaos. Agricultural output is declining. The land under cultivation has steadily decreased since 1963 as the farmers grow more discouraged.

Workers' wages have been fixed at low levels. But real prices are high and steadily going higher. The price farmers get for rice has been fixed, but farm living costs continue to go up. Many simply can no longer afford to stay in business.

"I Think I'm onto Something!"

Bargaining Report Stalls School Talks

By DAVID HIGBIE
Menominee Herald-Leader
MENOMINEE (AP) — The question of whether newspaper reporters can attend negotiating sessions where taxpayers' money is concerned has stalled wage talks on two fronts in Menominee.

When, where and by whom the question will be answered appears to be as much a problem as the question itself.

Negotiations between the Menominee Board of Education and the representatives of the Menominee City District of the Michigan Education Association started and ended on the same March night. Newsmen were in attendance and the MEA negotiators refused to negotiate.

The same thing happened last month when the Menominee City Council, in a meeting of the whole, met with James Constantini, representing city street, water and sewer employees. The press was present and Constantini and his group walked out.

Agreed to Newsmen
The city's case is slightly different than that of the school board. Constantini, representing the American Federation of School, County and Municipal Employees, AFL-CIO, earlier had agreed to have newsmen present at the meetings.

Later, however, he notified Menominee Mayor John Reindl that he had changed his mind. In last month's meeting Constantini, a former state representative, said he "had nothing against newsmen" but "news people get carried away and sometimes misrepresent the facts."

Constantini said that as far as he was personally concerned the press could attend. But, he added, that since he represents labor, and labor does not want the press present, he would not negotiate with newsmen in the room.

Carried Away
"Sometimes the union gets carried away and sometimes management gets carried away," Constantini explained, "and this makes for misrepresentation by the press."

After a sometimes heated debate with Reindl and City Attorney Kenneth Doyle, Constantini asked for a vote of the council on the matter. The council, with the exception of one member, wanted the press to stay. That's when Constantini and his delegates walked out.

In the school board's case, negotiators for the MEA stated from the outset that they would not negotiate with newsmen present. The school board's stand is that its negotiator will meet with or without newsmen but that it will not be a part to excluding the press.

Exchange Notes
Since March the school board and the MEA have exchanged correspondence several times, both suggesting meeting dates but at the same time repeating their stands on the press issue. Neither side has budged from its original position and none of the proposed negotiating sessions have materialized.

In the interim, the board released the contents of the MEA's proposed contract and it was published both in The Menominee Herald-Leader and the Marinette (Wis.) Eagle-Star. Reporters from both newspapers attended each board meeting.

Shortly after that the MEA filed a 10 - count unfair labor practices charge against the board. It included a charge that

newsmen were "agents" of the board. It further states the board "through continuing issuance of inflammatory, coercive, intimidating, misleading and inaccurate releases to the press," has created an atmosphere in the community which severely prejudices meaningful negotiations if the press is allowed to attend.

Charges Filed
The charges were filed with the State Labor Mediation Board May 12 but no date has been set for a hearing.

Clouding the issue is a school board policy that says newsmen shall be allowed at every meeting with the exception of discussions of individuals or land acquisition. This policy was written in 1965 as a condition of employment when the board hired its superintendent, Dr. Robert R. Freeman.

The board has verbally extended its policy even more and allows newsmen to attend meetings where individuals and land acquisition are discussed providing reporters use the information only for background material when the story is made public.

Letters To The Press

Contributions are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer and names will be used. The right to condense letters is reserved.

BOYCOTT WALLACE
Consideration of the scheduling of former Gov. Wallace of Alabama as your convention speaker was taken up at the regular monthly meeting of Alfred Erickson Post No. 186, The American Legion, Hancock, Michigan, on June 1, 1967.

The membership of Alfred Erickson Post No. 186 believes in the freedom of speech. However, we feel that the American Legion should not make available a forum to anyone for the purpose of expounding his personal political theories to a captive audience without rebuttal.

It was the combined opinion of our Post that former Gov. Wallace is considered to be a controversial political figure, who appears to oppose many of the current policies and programs of our Government and the American Legion. Therefore, our Post cannot condone his participation at the convention.

The Post membership has adopted a resolution instructing our delegates not to attend the convention banquet or any other programs, functions or meetings in which former Gov. Wallace will take part.

The above is forwarded for your information and guidance regarding the manner in which our delegates will conduct themselves while at the U. P. American Legion Convention in Escanaba, June 15-18, 1967. This action is taken in what we hope is in the best interest of our Country and the American Legion.

Oliver J. Rousseau,
Commander

One thing that distinguishes the good rubber bridge player is that he is willing to overlook a trifling on his way to game. He knows that if you wait for sure things you won't get set often but you aren't going to be a winner.

A match point player would probably drop the bidding on today's hand at two spades. He would reason that a three spade bid might change his potential plus score to a minus and by passing at two spades he would not get a really bad match point score even though game could be made.

Tommy Teller of New York never plays match points. He reasoned that there might well be a good play for four spades and that games don't grow on bushes so he rebid to three spades and hoped for the best.

Wingate Bixby who sat North had already made two bids with his eight high card points but he liked his hand. He had four trumps, queen small of Tommy's first bid suit and confidence in his partner's dummy play.

Actually the play wasn't too tough. Tommy's jack of trumps took care of East's ten at trick one and he decided that his best line of play would be to get rid of the opposition's trumps.

He led back a trump. West put up his ace and played a third trump.

Then Tommy went after the club suit. Since it broke 4-2 he had to use dummy's last trump to ruff out West's jack of clubs. This left him with three possible losers in hearts and nothing to do but lead a heart from dummy and hope for the best. East ducked the heart lead and Tommy ducked also. He still had time to play up to his king of hearts again and there was always the chance that West might make a mistake. West didn't. He shifted to a diamond but Tommy took dummy's ace, led a heart, rose with his king and scored game with his king and rubber.

Complicating the issue even more was the fact that city police requested the city council to bar newsmen from their negotiating sessions. But members of the firemen's union have indicated they want the press to attend their bargaining talks.

Prospects for any immediate negotiations look doubtful since neither side has even hinted at a change in attitude.

Dr. Freeman, who has since resigned his post effective Aug. 1, probably summed up the matter when he said, "This is a serious problem and something that someone else needs to decide for us."

Right now, that someone is not in sight.

Bells Day

LANSING (AP)—Gov. George Romney has proclaimed July 4 as Bells on Independence Day in Michigan. The governor called attention to the Hi-Y program calling for the ringing of bells of all kinds at 1 p.m. on July 4 to mark the holiday. Romney also proclaimed June 11-17 as Skin Diving Week in Michigan and June 17 as German Unity Day.

Ann Landers

The Trapped Groom Makes Poor Hubby

Dear Ann Landers: I was 19, pregnant and unmarried. The boy was willing to marry me, but I am happy to say I turned him down. And this is what I am writing about. It was the right decision and I want to tell every girl who may one day be faced with the choice to find the courage, for the love of heaven, and do as I did.

Now that the ordeal is over, I am free to make a new life for myself. What's more my child is in the home of a happy couple who love him and can give him the security I never could.

My cousin (age 17) who became pregnant made the other choice because her parents wanted her to, and she is miserable. Her husband feels he did her a favor by marrying her now he figures he is entitled to do as he pleases. The baby is asthmatic and my cousin is a nervous wreck. Her doctor and minister have recommended divorce.

Please keep telling girls to go it alone, Ann. They'll never regret it. — SUNNY SKIES AHEAD

Dear Sunny: I have repeatedly said a trapped groom makes a rotten husband. Thanks for saying it better.

Dear Ann Landers: Your column is probably the most talked about and influential daily feature in American newspapers. Your impact on the lives of millions of people is staggering—and yes, frightening.

Because your word is accepted as gospel truth, it is essential that your concepts be based on the latest data. I believe some of your notions, Ann Landers, could stand serious re-examination. For example, when asked what is the average American woman looking for today, you give the same answer that has been good for the past 2,000 years: "A woman wants love, understanding, integrity—to be needed, to be fulfilled."

This may have been true for two centuries, but times have changed, and so have American women. Please tell your readers that today the average American woman wants a man with money, good looks, good clothes and a good car. If you haven't got the loot, the looks, the threads, and the machine—forget it, Mac.

Is alcoholism a disease? How can the alcoholic be treated? Is there a cure? Read the booklet "Alcoholism — Hope and Help," by Ann Landers. Enclose 35c in coin with your request and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

So get tuned in, Annie, and tell it the way it is. Dames today want the lush life, not love. And I hope they get everything they deserve. — U. OF WASHINGTON

Dear U. of Wash.: Sorry, I don't buy it. There have always been dames who put money and comfort first, and these dolls go back further than 2,000 years. But an easy life with no emotional support didn't make them happy then, and it doesn't make them happy now.

The woman with a full set of brains does not look for looks, loot, or superficial trappings. She knows a glamorous facade which may fool the casual observer is like ashes in the mouth when there is no love, understanding and mutual respect.

Confidential to Me and My Big Mouth: The person doesn't live who has not at one time or another said something he wishes he could take back. I suspect part of your problem that night originated with those vodka martinis. Better to be a little quiet and inhibited than to shoot off your face and destroy friendships.

Is alcoholism a disease? How can the alcoholic be treated? Is there a cure? Read the booklet "Alcoholism — Hope and Help," by Ann Landers. Enclose 35c in coin with your request and a long, stamped, self-addressed envelope.

Reject Bonds

BENTON HARBOR (AP) — School district voters Tuesday turned down two school money proposals, including a \$9.7-million bond issue for school construction. The bond issue, which would have financed two junior high schools and a 22-room addition to the senior high, lost, 2,383 to 3,303.

A proposed 4.25 mill levy for three years to help operate the district was rejected, 2,721 to 3,312.

Answer to Previous Puzzle

Hatlo's They'll Do It Every Time

Wittiest Woman Of 1920s Dies

NEW YORK (AP) — Dorothy Parker, the short story writer and poet whose reputation for the sharp retort made her a legend, is dead at 73.

She died Wednesday in her Manhattan hotel room. She had been in frail health in recent years and her death was attributed to natural causes. There are no survivors.

Considered in the nineteen twenties and thirties as the wittiest woman of her time, Miss Parker's short poems and cocktail party remarks were widely quoted throughout the world. Her bon mots outstripped the fame of her own writing, which critics have rated among the best of American short story writers.

She was best known as a member of the "vicious circle," a group of New Yorkers of the nineteen twenties and thirties who met almost every day for long lunches at the "round table" of the Algonquin Hotel. Others were Robert Benchley, Robert Sherwood, Franklin P. Adams, Heywood Brown, Tallulah Bankhead and Alexander Woolcott.

From these parties emerged almost daily bulletins of the latest Parker wisecracks. In later life Miss Parker claimed that many were fabrications, but the stories persist to this day.

One such: at one party a man followed her around all evening, waiting for her to say something memorable. He finally apologized, saying: "I'm sorry, you're not at all the way I thought you'd be."

"That's all right," replied Miss Parker. "But do me one favor. When you get home, throw your mother a bone."

On another occasion when a woman friend had made an extreme do-do about her impending motherhood, Miss Parker cabled the woman after the birth of her child: "Congratulations. We all knew you had it in you."

Prices Up

LANSING (AP)—The index of prices received by Michigan farmers in mid-May was 261 per cent of the 1910-14 average, three points above mid-April. Price increases for meat animals and beans more than offset decreases for wheat, feed grains, milk and eggs.

Dorothy Parker

Once, reviewing a performance of Katharine Hepburn on Broadway, Miss Parker wrote: "She ran the gamut of emotions from A to B."

She coined the couplet: Men seldom make passes At girls who wear glasses

And she took her own advice. Although quite nearsighted, she refrained from wearing her horn-rimmed spectacles in public, preferring to blink her hazel-green eyes.

Rock

A2c Francis Sharkey is spending a 20 day leave at the home of his mother, Mrs. Betty Sharkey. He is stationed at Amarillo, Air Force Base, Texas.

Mrs. Eleanor Thorsen is spending two weeks in West Rock before returning to Chicago.

Bud Lusardi and Al Barron have returned to Chicago after spending a week at the George Lusardi home.

Mr. and Mrs. Art Hill of Marquette and grandson Mike, spent Memorial Day in Rock.

Pamela Sharkey is spending a few weeks in Big Bay with Mr. and Mrs. Howard Bellmore.

Mrs. Betty Sharkey spent two days visiting her sister, Mrs. Art Hill in Marquette.

Nancy Weldum left for Detroit Monday for further surgery on her finger.

Bishop Dissents From Kilmer On Papal Symbol

KALAMAZOO (AP) — Bishop Charles Bennison of the Episcopal Diocese of Western Michigan disagreed Wednesday with a proposal by Bishop Kilmer of California that Pope Paul VI be acclaimed "chief pastor of the Christian family."

If his fellow Episcopal clergyman meant unification of Christianity under the Pope, Bishop Bennison said Bishop Myers "has failed to read and discern what the Spirit is saying to the church."

"Anglicans," Bishop Bennison added, "believe that Christ is the head of the church."

Bishop Myers, former suffragan bishop of the Michigan diocese, urged Anglicans and other Protestants to unite behind the Pope in exerting "massive power to halt war and conflict in the world."

'Blondes Only' Ads Out; Negro Market Offended

NEW YORK (AP) — Should every woman be a blonde? No, says an advertisement in a Negro publication.

The ad was written for Clairor Inc., a hair coloring maker which often shows a fair-haired woman in its advertisements, on the advice of an "ethnic group" marketing specialist.

The firm's specialist is among a growing number of Negroes hired by large corporations to help them win Negro customers for their products.

Advertising agencies also are adding "ethnic group" specialists to their staffs. More Negroes are opening their own public relations firms. And what is claimed to be the first all-Negro advertising agency has just set up shop on Madison Avenue.

All are vying for the Negro's dollar by means that range from trying to upgrade his image of himself to trying to improve the company's image in his eyes.

Bamboo is not classed as a tree. It belongs to the grass family.

Senate OKs House Bill For Sunday Liquor Sale

LANSING (AP) — A heavily amended House bill providing for the sale of liquor on Sunday was approved by the Senate Wednesday in a display of legislative footwork that left Senators' heads spinning.

The original House bill merely prohibited the retail sale of liquor by warehousemen or wholesalers.

But the Senate had added

Vote

LANSING (AP) — How senators voted in passing 20-17 an amended House bill which would allow county boards of supervisors to approve Sunday sale of liquor:

Republicans for (3): Beadle, Lodge, Toopp. Democrats for (17): Bowman, Brown, Cartwright, Craig, Dzendzel, Faust Fitzgerald, Hart, Lane, Levin, Mack McCauley, Novak, O'Brien, Rozzycki, Young, Youngblood.

Republicans against (17): Beebe, Bouwsma, Bursley, DeMaso, Fleming, Huber, Hungerford, Kuhn, Lockwood, Richardson, Rockwell, Schweigert, Stamm, Vander Laan, Volkema, Zaagman, Zollner.

Democrats against (0). Not voting (1): Gray (Democrat).

amendments providing for Sunday sale, extending resort liquor licenses from 10 to 12 months and exempting packaged liquor dealers from a law prohibiting sale of liquor within 500 feet of a church or school.

The bill now must go back to the House for concurrence in Senate amendments.

Earlier Bill Died

It was the second time around for the Sunday sale proposal, added by Sen. John McCauley, D-Wyandotte, and identical to a bill sponsored earlier in the session by Sen. Stanley Novak, D-Detroit, which passed the Senate and died in House committee.

Backed by Detroit Democrats and sought by Motor City businessmen and convention interests, the proposal would allow county boards of supervisors to approve Sunday sale of liquor by majority vote.

Liquor could be sold by the glass after noon on Sunday in

establishments which derive 50 per cent of their receipts from food, entertainment or other services.

Can Force Issue

If a county board refused to act on the issue, a referendum could be forced by petition of 10 per cent of the county voters.

With 20 votes needed for passage, the amendment-laden bill passed 20-17 on a roll-call vote with all but one of the 18 Democrats voting "yes." Sen. James Gray of Warren abstained.

The Democrats were aided by seven Republicans, four of whom voted "yes," waited until it was apparent the bill had enough votes to pass and then rapidly switched their votes to "no."

The Republican maneuver was interpreted as a move to ensure the "yes" vote of Sen. Stanley Rozzycki, D-Detroit.

600 Bars Affected

The resort license extension would affect approximately 600 license holders and has been sought by resort owners and operators.

Rozzycki said he objected to the lack of a referendum provision and the limiting of sale of liquor on Sunday to establishments deriving half of their income from sale of food and other services.

"Our own sense of equal treatment of all citizens will provide the best argument against the bill," he said.

Sen. George Fitzgerald, D-Grosse Pointe Park, said he favored the original House bill, but objected to the way it had been amended.

"As I prophesied the other day, this original bill to help the small businessman and the retailer has been completely lost sight of through amendments," he said.

Indian Lions

The tourist office of India reports there are only 300 lions left in all of Asia. These live in a sanctuary at Gujarat, India, and you have to have an appointment in advance to see them. Only shooting permitted is by camera.

Ford Electric Car Unveiled

DETROIT (AP)—Ford Motor Co. today unveiled its electric "Comuta" car for commuters. The experimental car made its bow at the company's research and engineering center in Duntun, England.

Less than half the length of a Mustang, the six-foot, eight-inch battery-propelled car has no clutch and no gears, turns around in an 18-foot circle, and three of them can be parked in the regular meter space, a company spokesman said.

"We expect electric cars to be commercially feasible within the next 10 years," said Leonard Crossland, assistant managing director of Ford of Britain.

But an electric car's use will be mainly as a city delivery van and a shopping cart.

Priests Oppose Permit To Wed

NEW YORK (AP) — A poll of Roman Catholic priests shows the younger ones want priests to be allowed to marry but the over-all majority is opposed to such a change.

The poll asking: "Do you favor a change to optional celibacy for the diocesan clergy?" was mailed to some 8,000 priests in New York, New Jersey and Connecticut, and 2,705 responded.

Smallest Species

The smallest species of the horse, which is known by scientists to be at least 50 million years old, was no bigger than a fox and had four toes, according to the Encyclopaedia Britannica.

Changing Escanaba:

Many Projects Moving Forward To Develop City

Escanaba is moving forward on a number of projects and programs that will materially change the face of the community when they are brought to realization.

City Manager George Harvey noted several of these in his recent news letter to the City Council.

Most important of these is the planning for the acquisition and development of a downtown parking area in the 1100 and 1200 blocks, 1st Ave. N. The special committee of property owners and businessmen cooperating with the city in obtaining consent to the proposal has reported encouraging progress.

The city's planning consultants, Bartholomew Associates, concurred in the need for another parking facility in the 800 block at Ludington St., the city manager reported. Property values will be determined and the proposal will be presented to the Council.

Expand Post Office
In the discussion stage are plans for an expansion at the Escanaba post office building to handle the increasing volume of business.

City Manager Harvey said he has been in contact with Postmaster James Pryal and a real estate representative of the U. S. Postal Department relative to the proposed expansion. "Inasmuch as they will need a minimum of 50,000 square feet of space, it would be necessary to take up the entire block upon which the present post office is located," Harvey reports. "We are working on this matter of postal facilities and are hopeful that shortly we will have some recommendations."

One of the city's shore front areas most needing improvement is the former fisheries property at N. 3rd St., across from the new Delta County jail. The improvement of this area has been under consideration by the Planning Commission after its sale to the city was proposed.

Develop Airport
"Although no specific recommendation has been made by the Commission, they have

asked the city administration to look into the value of this area and present it to the Council for consideration."

The improvement of the Escanaba municipal airport is also progressing — is now beyond the planning stage, and waiting an allocation of federal funds. The federal fund allocation is expected to be made by October of this year. Hopefully, bids might be taken sometime in August, the city manager said.

Development of the airport includes a new terminal building in a location near the south end of the north-south runway; and extension westward of the east-west runway to provide the length required for the use of jet passenger planes.

Aid Industries
The city is working cooperatively with the Escanaba Foundation and individual industries to help the industries expand their operations in Escanaba. New locations for the Northern Motor Rebuilders, Ness Burial Vault Co., T. D. Vinette Co., and others are being processed.

The city deeded property to the Foundation to help relocate the Vinette Co. to a more desirable site on the north bay shore. A condition of the deed was that the company was to begin construction of launching structures before Nov. 1, 1967. The city manager said that because the Chicago & North Western Railway is also planning development of facilities, Vinette will be delayed and the city will extend for one year the time Vinette has to erect structures at the new site.

Births

MANNINEN — Mr. and Mrs. Marvin K. Manninen of Cornell Rte. 1, are the parents of a daughter, Karen Lynn, weighing 7 pounds born at 9:01 a.m. on June 7. The mother is the former Patricia Trenary.

SOPER — A daughter, as yet unnamed, was born at 9:52 a.m. on June 7 to Mr. and Mrs. Clayton H. Soper of Carney Rte. 1. The infant weighed 8 pounds at birth. Mrs. Soper was Beatrice DePas.

Credit Union League Elects U. P. Resident

An Upper Peninsula credit union leader, George R. LaChapelle of Iron Mountain, was elected president of the Michigan Credit Union League at the quarterly meeting of its board of directors in Southfield. He succeeds Ralph B. Novak of Detroit, who continues as a director.

LaChapelle, treasurer-manager of the Iron Mountain-Kingsford Community Federal Credit Union, has previously held the offices of vice president and treasurer in the League and has been a director since 1957.

The League is a statewide association of 1,125 credit unions. The Upper Peninsula Chapter of Credit Unions includes 65 credit unions with a total membership of 45,000.

Also representing credit unions of the chapter on the League Board are Wesley Kumpula, Marquette, whose term as director continues, and Paul Dake, Newberry, re-elected alternate director at the recent annual meeting of the Chapter. Richard Meissner, Escanaba, was elected chapter chairman.

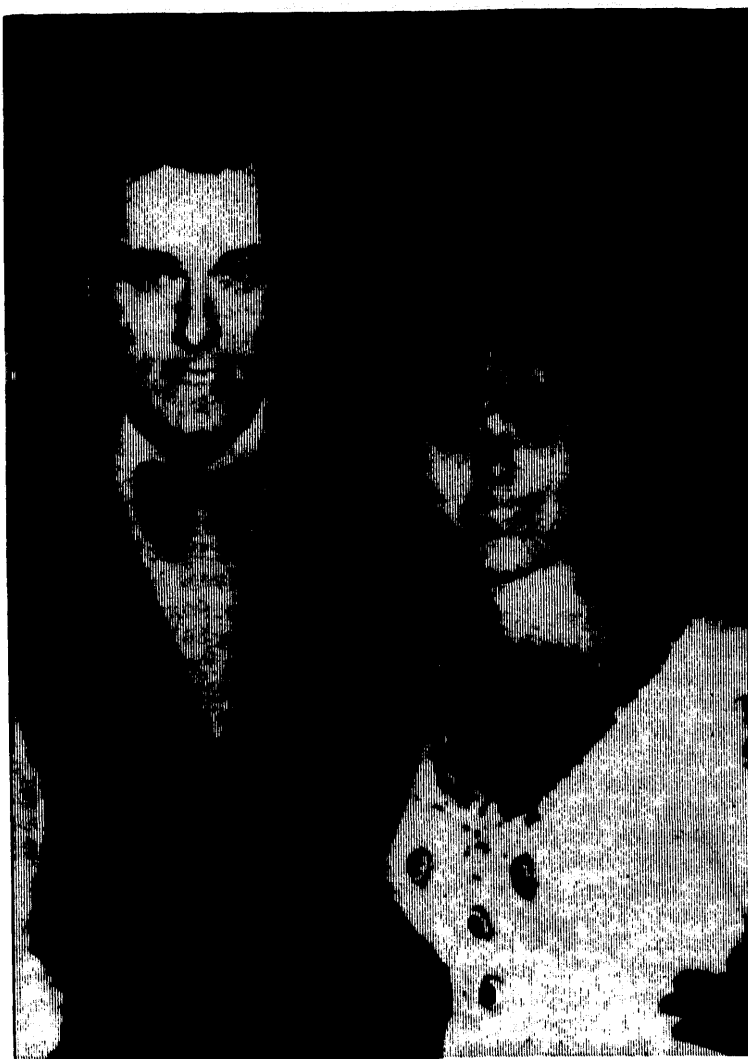

Other officers of the Upper Peninsula Chapter are: Ethel Casimer, Spalding, first vice chairman; Robert Corey, Forest Lake, second vice chairman; Dorothy Norris, Negaunee, secretary; Eloise Kosbab, Escanaba, treasurer; Richard Ayres, Bark River, legislative representative; Joyce Borman, Gladstone, publicity chairman; and Raymond Burge, Alpha, member-at-large of the Executive Committee.

Foreign Car Sales Zoom

DETROIT (AP) — Unaffected by drooping U.S. car sales, the import auto market continues to shoot upward. Ward's Automotive Sales reports.

The industry's statistical publication said Tuesday that foreign car sales passed the 60,000 mark in May, surpassing the previous monthly high of 58,040 set in September, 1966.

Three Tracking Networks

SINGER JACK JONES and Actress Jill St. John announced in New York that they will wed at a time still to be set. Jones, 29, divorced his first wife, San Francisco model Lee Laurence, last year. Miss St. John, 25, was previously married to Lance Reventlow, son of millionairess Barbara Hutton. (AP Wirephoto)

Israelis Dig In For Post-Truce Peace Efforts

(Continued From Page 1)

sullen despondency alternating with optimism at the occasional radio claims of local successes and the proclamations of defiance.

Arrivals from the Suez area told of hundreds of Egyptian army trucks streaming westward and none going east. The Egyptian capital bristled with troops and some army units were reported digging in along the eastern Nile Valley, 40 miles east of the Suez Canal.

Israel was silent about the situation on the Syrian front, on its northeast, where Damascus Radio had claimed Wednesday that Syrian forces were advancing through Israeli villages in northern Galilee.

Lebanon was the latest government to show its displeasure with the Western powers but stopped short of a break in relations. Instead it ordered the

British and American ambassadors out of Beirut and said it was recalling its ambassadors from London and Washington.

Seven other countries broke relations with the United States: Egypt, Syria, Iraq, Yemen, Algeria, Sudan and Mauritania.

The wholesale break stemmed from an Egyptian charge that U.S. and British planes had attacked Egypt and Jordan during the first day of fighting Monday.

The U.S. and British governments denied the Egyptian charge repeatedly, calling it a malicious fabrication.

Industry Out

STEVENSVILLE (AP) — Conservationists won a major victory Tuesday when residents of Lincoln Township in Berrien County overturned a board rezoning of 1,200 acres of lake-shore sand dunes in Grand Mere to allow industrialization and commercialization of the area. The zoning ordinance was rejected, 683 to 905.

Hermansville Plans July 4th Celebration

Initial plans progressed for the community's July 4th celebration when committee members from the Leo Floriano American Legion Post and the William Anderson Sportsman's Club met at the Camp Seven Legion club rooms Monday evening.

Lenny LaCorriere Jr., Julius Halterman, Donald and Richard Whitens, Robert Sutherland, Robert J. Menard, John Malone and Joseph T. Urick ordered supplies for the event and made plans for soliciting finances for the affair. Ray Gurgall is the Sportsman's Club representative for soliciting and the Legion member will be named shortly.

The celebration in Hermansville last year drew a record number of former citizens who came back to their home town and also a large number of visitors. Efforts are being made to make this year's celebration larger. Complete plans for the parade, dance, and races will be announced shortly.

The committee issued an urgent plea for more help to man the stands and to handle the children's events. Last year some stands had been closed early.

Dies

ANN ARBOR (AP) — Dr. James Moffett, director of the U.S. Bureau of Commercial Fisheries biological research laboratory in Ann Arbor since 1950, died Tuesday night at the University of Michigan Hospital. He was 58.

LBJ Organizes To Woo Arabs

WASHINGTON (AP) — U.S. officials say it may take years to rebuild relations with the Arab states after the Israeli-Arab war.

How to handle this task is one problem facing President Johnson's new Cabinet-level committee on the Middle East, to which the President has assigned the over-all job of mapping plans for a permanent peace between the Arab states and Israel.

Johnson created the committee Wednesday, disclosing he had called back McGeorge Bundy, his former special assistant, from private life to serve as executive secretary of the group. Secretary of State Dean Rusk is chairman.

In announcing the committee's formation, Johnson said the crisis and "the effort to build a new peace will require the most careful coordination of the work of our government."

As he spoke, the State Department was reporting efforts to maintain some type of official contact with the Arab nations despite diplomatic breaks in relations by some.

The President, it is understood, intends to channel long-range U.S. peace efforts through the United Nations where the search for ways to end the flash conflict has centered this week. One evident purpose of his strategy is to aim for U.S. and Soviet cooperation.

Canada's Northwest Territories covers an area one-third as large as that of the United States.

Briefly Told

Barbershop singers will meet tonight at 8:01 at the Eagles Club.

A fine of \$30 and costs of \$5 were paid in Municipal Court today by Donald A. Mousseau, 430 S. 18th St., who was charged with shoplifting. The complaint was made by James Jacobs of the Miracle Market.

Escanaba police have issued traffic court summonses to Gary T. Charon, Gladstone Rte. 1, improper lane usage; James R. Burroughs, 1212 Lake Shore Drive, speeding and no proof of insurance; Bernard A. Wils, Rapid River, no proof of insurance; and Roger J. Boudreau, 322 S. 8th St., speeding.

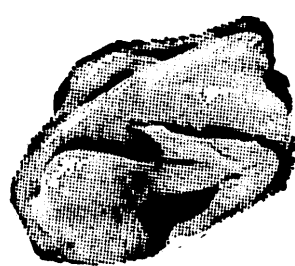

Election inspectors for the annual school election Monday, June 12, are reminded of the voting machine school of instruction Friday at 7:00 p.m. at the Webster School.

At a recent meeting of the Delta County Chapter, Michigan Association for Retarded Children, officers were elected for the fiscal year commencing July 1. They are President Albert J. Valind, Vice President Lyle J. Shaw, Secretary Mrs. George Maniaci, Treasurer Mrs. Len Dahl. Two members were elected to the board of directors, Dr. George Maniaci and Roland A. Peterson, Lake Shore Drive, Escanaba.

U.P. Medical Society In 74th Conference

Varied Program For Three Day Assembly Here

About half of the Upper Peninsula's 200 doctors of medicine are expected here for the 74th annual meeting of the U. P. Medical Society at the House of Ludington on Thursday, Friday and Saturday.

Dr. Norman L. Lindquist of Escanaba, president of the U. P. Medical Society, said that a program reporting a broad scope of medical advance has been prepared.

It will range from football orthopedic problems described by the Packers' team physician, to advances in dermatology by Capt. Charles E. Kee of the Navy, formerly of Gladstone; "the therapy of overindulgence in food and liquor," and cancer chemotherapy by nationally famed clinical leader Dr. Fred J. Ansfield of the University of Wisconsin Medical Center.

There will be light moments, too, like Dr. Malcolm McCannel's famed "New, Old and Middle Age Eye Problems."

Auxiliary To Meet

The Women's Auxiliary of the U. P. Medical Society will be entertained by members of the host Delta-Schoolcraft Medical Society on Friday and Saturday, with Mrs. Ray Hockstad as chairman and Mrs. Donald Fitch as co-chairman.

Special guests of the convention will include Dr. G. Allen Payne, Grand Rapids, president, Michigan State Medical Society, and Mrs. Payne; Dr. Ernest Gardner, Detroit, dean, Wayne State University Medical School, and Mrs. Gardner; Dr. Andrew Hunt, East Lansing, dean, Michigan State University College of Human Medicine, and Mrs. Hunt; Dr. John Wellman, Detroit, chairman of the board, Michigan Blue Shield; John McCabe, Detroit, president, Michigan Blue Shield; Hugh Breneman, East Lansing, executive director, Michigan State Medical Society; and State Rep. and Mrs. Charles Varnum, Manistique.

Dr. Lindquist President
Dr. Ray Hockstad is secretary of the U. P. Medical Society and

Dr. William S. Jones, Sr., Menominee, former president of the Michigan State Medical Society will succeed Dr. Lindquist as president-elect.

The annual meeting will open with registration and cocktails at 5 p. m., Thursday today, and a buffet for professional service representatives and their wives at 7 p. m., at the House of Ludington. They will be guests of the Delta-Schoolcraft Medical Society.

Morning Program
A continental breakfast and registration start Friday's program at 8 a. m. The morning program will offer: Dr. Joan W. Sigler, chief, Division of Rheumatology, Henry Ford Hospital, Detroit, on rigid joints; Dr. Carl A. Moyer, director of research, Michigan Tech. Houghton, on bio-assay of treatment of shock; Capt. Charles E. Kee, M. D., chief of dermatology, U. S. Naval Hospital, San Diego, Calif., advances in skin treatment.

Also: Dr. Fred J. Ansfield, professor, Division of Clinical Oncology, University of Wisconsin Medical Center, Madison, on cancer chemotherapy. Dr. Otto Hult, of Gladstone, will serve as

moderator of the morning scientific section and Dr. Donald Fitch will be moderator in the afternoon.

Afternoon Program

The afternoon program starting at 2:30 p. m., will offer Dr. Crosby J. Eaton, assistant professor of obstetrics and gynecology, University Hospital, University of Michigan Medical Center, Ann Arbor, on diabetes in pregnancy; Dr. Tom N. Evans, professor and chairman, Gynecology and Obstetrics, Wayne State University, Detroit, on abnormal menstruation and female bleeding; and Dr. Richard C. Schneider, Department of Surgery, University Hospital, Ann Arbor, on football injuries.

A cocktail party at the Ludington Annex at 6 p. m., Friday will precede the banquet at 7:30 in the Emerald Room. Dr. Richard M. Bates of Lansing will be the after dinner speaker on "How to Have a Heart Attack."

Saturday Morning

Saturday morning's busy program will start with breakfast at 8 and offer Dr. Stuart N. Fitch, chief, Children's Psychiatric Hospital, University Hospital, Ann Arbor, on adolescence; Dr. James W. Nellen, Green Bay orthopedic surgeon and team physician to the Green Bay Packers on orthopedic problems in football; Dr. Richard C. Bates, Lansing internist, on "Therapy of Overindulgence in Food, Tobacco, Liquor and Other Things."

Dr. P. P. Kelalis, Department of Urologic Surgery, Mayo Clinic, Rochester, Minn., on advances in diagnosis and treatment of cancerous tumors of the kidney; Dr. Malcolm A. McCannel, Minneapolis ophthalmologist on "New, Old and Middle Age Eye Problems in the Family Doctor's Office." Dr. James Fyvie of Manistique will be moderator of this session.

Women's Events

Committee chairman for the conference include Dr. James G. Dehlin, program; Dr. Donald LeMire, arrangements; Dr. Thomas McInerney, exhibits; Dr. Donald N. Fitch, registration; Dr. E. James Gordon, publicity; Dr. Roland E. Berry, housing; Dr. Francis C. Anderson, entertainment.

The women's activities will include a luncheon at Escanaba Country Club at 1 p. m., Friday featuring a sportswear, hand knits and was fashion show staged by The Pro Shop, Ruth Needham and Hurley's, with Mrs. William A. LeMire and Mrs. Donald LeMire in charge of the luncheon and Mrs. Harold Q. Groos and Mrs. Thomas McInerney in charge of favors.

On Saturday the women will breakfast at Escanaba Country Club at 10 a. m., and the U. P. Women's Auxiliary of the Medical Society will meet. Special guests will be Mrs. Harry Seavill of Ypsilanti, president; Women's Auxiliary to the Michigan State Medical Society, and Mrs. W. G. Gamble Jr., of Bay City, president-elect of the Women's Auxiliary. Mrs. Robert Ryde and Mrs. Norman L. Lindquist will be in charge of the breakfast.

Glue Sniffing Ban Is Voted

LANSING (AP) — The House agreed Wednesday with the Senate version of a bill to outlaw glue-sniffing in Michigan.

Passed, meanwhile, and sent to the Senate were measures to license snowmobiles, transfer Highway Department weighmasters to the Commerce Department, and set up machinery for abatement of freeway route disputes.

The glue bill, now in its final form, would prohibit inhaling glue's toxic vapors to induce intoxication or exhilaration and forbid encouraging or helping another person to do so. Violation would be a misdemeanor.

Bible Institute Begins Monday At Calvary

The Calvary Baptist Church will conduct an evening Bible institute June 12 through the 16 each evening from 7 p.m. to 9 p.m. Three classes will be offered in the school. A junior high class will be taught by Kurt Kickbusch. A senior high class by Bruce Norman and an adult class will be taught by Rev. David Brostrom.

The subject matter will be of a doctrinal nature on the theme, "Know Why You Believe." Two classes will be taught each evening with a fellowship break between. Anyone interested in taking the course may enroll simply by coming to the first session at the church Monday at 7 p.m.

Schaffer Attend Convention

Mr. and Mrs. Ed Meyers and Mr. and Mrs. Wallen Godlewski returned home Sunday from a three day Lion Convention of the Upper Peninsula held in Menominee. They represented the Bark River Lions Club.

Mr. and Mrs. Albert Harrison of Pontiac arrived at the Eugene Derocher Jr., home to visit with their daughter and family.

Dennis Gauthier and Jack Fisk left Monday for Houghton Lake where they will be employed.

Alice Gauthier is employed at Halstad's Restaurant for the summer months.

Mr. and Mrs. Eugene Derocher Sr., returned from a visit to Fort Lawton, Okla. They visited with their son and wife, Mr. and Mrs. Erwin Derocher. Upon their return, they were accompanied by Mr. and Mrs. Erwin Derocher who were enroute to New Jersey where Erwin will attend three weeks of schooling with the Secret Service. Enroute they visited with their daughters in Milwaukee and Neenah.

Mr. and Mrs. Stanley Stee have returned to their home in Chicago after a weekend visit with the Homer Seymours.

Carol Potvin and Theresa Sarasin returned with them where they will stay in Milwaukee to attend a 6-week course at Manpower Business Training Institute. Both girls are 1967 graduates of Holy Name High School.

Relatives and friends who attended a graduation party for Carol Potvin were Mr. and Mrs. Ed Frank of Southfield, Mich., Mr. and Mrs. Richard King, Dick King and Carol Kleicamp of Carney, Mrs. King Sr., and Mrs. Lawrence King Jr., of Powers, Mr. and Mrs. William Slaga of Danforth, Mr. and Mrs. Homer Seymour Jr., and family and Claudia Krumheuer of Marinette, Mr. and Mrs. Homer Seymour Sr., Mr. and Mrs. Robert Seymour, Mr. and Mrs. Mel Taylor and Mr. and Mrs. Eugene Derocher Jr., of Schaffer and Mr. and Mrs. Carl Sarasin of Bark River.

Kenneth Neuens is a surgical patient in St. Vincent's Hospital in Green Bay.

The Alvin Brown family returned to Chicago after a visit with the Joseph Lippens and Herman Martin families.

Mr. Mackward © 1967, King Features Syndicate, Inc.

Dear Heloise: I've been saving those keys used to open shortening cans, etc.

After all, they are free, and are ideal as holders for that corn on the cob you'll be enjoying all summer.

PAPER DRESSES constructed by Milwaukee St. Mary's College Students were displayed at the National Council of State Garden Clubs convention Monday night in Milwaukee. The dresses were offered as prizes to members who weighed under 110 pounds. There were very few applicants. Miss Barbara Sherman of Mt. Mary's modeled the above dress. (AP Wirephoto)

Powers-Spalding

Patti Jean Kass Robert Kass, Mrs. Wilfred Fleetwood, and Mrs. Kathryn Fleetwood attended funeral services for their niece, Miss Patti Jean Kass of Rte. 1, Menominee on Monday, June 5. Funeral services were held at 10 a. m., at Holy Trinity Church, Birch Creek, with Rev. Milton Vanitvel officiating. Burial was in the Birch Creek Cemetery.

Patti Jean Kass was struck and killed by a car, while riding her bicycle on County Road 320 in Menominee County on Friday, June 2. She was the daughter of Mr. and Mrs. Clarence Kass of Rte. 1, Menominee and besides her parents, she is survived by two brothers and one sister, all at home. She was 14 years old and had just completed the eighth grade.

Altar Society Twenty-five members of St. Anne Altar Society were present on Monday, June 5 for their regular meeting in the parish hall of St. Francis Xavier Church in Spaulding.

The meeting opened at 8:10 p. m., with prayer, led by Mrs. William Wheeler, president.

Plans were made for a pot luck supper in honor of the Feast of St. Anne to be held Thursday, July 27 at 6 p. m., in the parish hall of the church. The Mother Cabrini Circle will be in charge of the lunch, with plans to be made by the chairman of each circle.

A prayer was said in the memory of Mrs. Xavier Laore, who bequeathed a lovely statue of St. Anne to the Society. The president urged everyone to attend and support the activities planned by the newly organized Young Christian Students Club.

Rev. Raymond Przybylski and his sister, Miss Sophie Przybylski were guests at the lunch served by the Immaculate Conception Circle in honor of Fr. Przybylski's 31st anniversary in the priesthood. A

decorated cake, made by Mrs. Stanley Mazur was enjoyed by all present. Fr. Przybylski was also presented with a Spiritual Bouquet card from the Society.

Annual Breakfast On Sunday, June 11, members of the Senior Holy Name will hold their annual Holy Name breakfast in the parish hall of St. Francis Xavier Church, immediately following the 8 a. m., Mass. The Junior Holy Name is cordially invited to attend the breakfast and all will receive corporate communion at the Mass. Following the breakfast, a short business meeting with election of officers will be held.

The committee in charge of breakfast includes: Joseph Grondine, Napoleon Betters, Gene Marcantonio and Oliver Gagne.

Bible School Grace Evangelical Lutheran Church of Powers began their summer Vacation Bible School program Monday. The classes consist of four groups including Kindergarten, Primary, Intermediate and Junior. Twenty-two children have enrolled for the two week classes, held daily from 9 a. m. until 11 a. m., Monday through Friday, June 5 through June 16. Teachers for the summer are: Kindergarten, Mrs. Leo Bachuski; Primary, Kathy Bachuski; Intermediate, Diana Bachuski; Junior, Rev. Philip Kuckhahn.

Film Series Sunday, June 11 at 7:30 p. m., Rev. Anthony Polakowski will show the second in a series of films on his recent visit to Europe. The public is cordially invited to view these films at the parish hall of St. Francis Xavier Church in Spaulding.

Births

SHORT — Mr. and Mrs. Daniel Short of 2637 Montrose, Montrose, Calif., are the parents of a son, born at 9:14 a.m. on May 16. The infant weighed 8 pounds and 3 ounces and has been named James Ned. The child is the second in the family and the mother is the former Sally Ann Sico, daughter of Mr. and Mrs. James Sico, 209 1/2 N. 9th St. The father is the son of Mr. and Mrs. Ned Short of Rapid River.

Mothers

FLINT (AP) — Mrs. M. H. Harris was elected President of the Michigan branch of the Blue Star Mothers of America at their annual state convention in Flint Wednesday.

The Blue Star Mothers are mothers of servicemen in World War II, the Korean conflict and Vietnam.

Cat Lives High The snow leopard, whose correct name is the ounce and is also sometimes known as the irbis, is a medium-sized leopard of the cat family which lives high in the Himalayas of India, according to the Encyclopaedia Britannica.

Presbyterian June Circle Meets Listed

CIRCLE 1 will meet at the cottage of Mrs. Karl Dickson on Portage Point on Tuesday, June 13 at 1 p. m., for a potluck picnic dinner. Please bring your own table service. Mrs. Stanley Ostman and Mrs. Karl Dickson will be the hostesses.

CIRCLE 2 will meet at the home of Mrs. Dalip Rehnquist on M 35 (Ford River) on Tuesday, June 13 at 12:30 p. m., for a planned picnic lunch. Please bring your own table service.

CIRCLE 3 will meet at the cottage of Mrs. Walter Dickson on Tuesday, June 13. Everyone is to meet at the church at 12:30 p. m., for rides. Please bring your own table service. Mrs. Walter Dickson and Mrs. Charles Nia will be the hostesses.

CIRCLE 4 and CIRCLE 5 will meet at the cottage of Mrs. Peter Zimmer (11 miles out on M 35) on Tuesday, June 13, at 6:30 p. m., for a potluck picnic. Please bring your own table service. Mrs. Peter Zimmer, Mrs. George Bonefeld and Mrs. Edward Olson will be the hostesses.

YOUR FAVORITE CATALINA of California SWIMSUITS \$15 to \$25

You'll love every one of the new Catalinas for summer 1967. One piece and two piece in solid colors, plaids, polka dots, prints and stripes. Sizes 8 to 20.

Bay de Noc

C. Reiss Coal Co. received two boatloads of coal — one each at its No. 1 and No. 2 docks — last week, it is reported by Leonard E. Erickson, resident manager.

The first cargo came in Thursday morning with the arrival of the Reiss Brothers at the No. 1 dock; and the second cargo arrived with LaLiberte on Saturday morning at Dock No. 2. "LaLiberte? No, she's not a foreign boat," said Erickson. "She's owned by the Buckeye Steamship Co."

The complete name is the Henry LaLiberte, she's 530 feet long, and her home port is Cleveland, Ohio, which is a long way from France.

Standard Oil Lake Terminal received a cargo of gasoline and fuel oil on June 4 and the same tanker, the Amaco Wisconsin will return again on June 22.

The Chicago & North Western Railway is in the "normal" rush of ore shipping this week, says Dock Agent Lee McMillan.

The Detroit Edison and the International cleared with cargoes of ore Wednesday afternoon; there are no boats listed for Thursday; the Joe Block and the L. E. Block are due on Friday; the International will return from South Chicago on Saturday, along with the arrival of the Hendrick and the Pickands.

Closing out the week (or rather beginning a new week) the E. T. Weir and the Andrews will come in for ore and the Detroit Edison will be back from Detroit for another cargo.

The International making a round trip in three days to South Chicago and the Detroit Edison a round trip to Detroit in four days illustrates the value of the North Western "short haul" on ore via Escanaba.

At Marquette last week Wednesday the Lake Superior & Ishpeming Railroad loaded 58,000 tons of iron ore to climax the busiest month's in the Railroad's history.

Sixty-two boats were loaded at the dock, carrying 1,040,400 tons of ore to lower lake ports. This brings the total for the season to date to 1,320,510 tons.

Harry K. Nelson, dock agent, reported that pelletized ore volume continues to increase, going from 76 per cent for all of last year to 85 per cent so far this year.

Record Summer Tourism Sighted

Michigan, and the U.P. region in particular, is heading towards a record tourist season from all advance indications, according to Jack English, president of Upper Michigan Tourist Association.

Michigan Tourist Council inquiries received in the Lansing office in April exceeded all of the inquiries received in 1963. As a result of the tourist council filter-down inquiries and the Mackinac Bridge Authority advertising campaign in the metropolitan areas keyed to UMTA for answering in May, UMTA answered the highest number of inquiries for any month in its history. UMTA got 15,465 inquiries and all were answered by Thursday, June 1.

UMTA is in the best position it has ever been to answer tourist inquiries, said English. Surveys estimate that 70

per cent of people making direct inquiry will eventually visit the U.P. and the economic impact of this one month's answering of inquiries should produce in excess of \$3 million of new business this summer. Inquiries for the past six months have been averaging 15 per cent ahead of other years and barring a war in the Near East the summer season should set an all time record for the U.P., said English.

McMillan

Mrs. Carl Bergh of Newberry called at the home of Mrs. Frank Kirby on Friday afternoon.

Mr. and Mrs. Mike Carney of Detroit spent Friday in town visiting with friends and relatives.

Mrs. Norman Nelson of Sney was a caller at the Kirby home on Friday afternoon.

Mr. and Mrs. Ludy Berry of Flint arrived here Friday to spend the weekend and to attend the wedding of her sister, Judy Maddox to Barry Kalnback on Saturday.

Jonathan Sanborn arrived here Saturday morning from Lansing to spend the weekend visiting his mother, Mrs. Audrey Sanborn and family.

Dick Brown of lower Michigan spent the weekend in town visiting relatives.

Mr. and Mrs. Ernie Brown and family of Pontiac spent the weekend in town and also attended the wedding of her niece, Judy Maddox.

Mr. and Mrs. Frank Taylor and family, Alan Shamblen left for their homes in Detroit after having spent some time here with their parents, Mr. and Mrs. Carl Shamblen and David. They were accompanied home by David who will spend a few weeks visiting relatives in Detroit.

Jonathan Sanborn left Monday morning for Lansing where he is employed.

Rev. and Mrs. Carl Shamblen left on Sunday for lower Michigan where he will attend Methodist Ministerial Conference.

Celebrate 45th Anniversary Mr. and Mrs. Eli Taylor were commended by Rev. Father Mark at both masses at the Sacred Heart church on Sunday, June 4 on the occasion of their 45th wedding anniversary. The couple was honored at a family dinner at the home of their daughter and family, Mr. and Mrs. Melvin Racicot.

Present were Roy Taylor, of Milwaukee, Mr. and Mrs. Arnold Taylor and children of Escanaba, Mr. and Mrs. Maurice (Elaine) Gauthier and family, Mr. and Mrs. Melvin (Olive) Racicot and family of Schaffer, and Mr. and Mrs. Kenneth Taylor and family of Bark River.

Mr. and Mrs. Taylor were married on May 29, 1922 at the Sacred Heart Church in Schaffer by the late Rev. Father Juras. They resided in this area all their lives. Mr. Taylor is a retired Soo Line Railroad foreman.

Besides their five children, they are honored with nineteen grandchildren.

Citation was the first race horse to earn more than a million dollars for his owner. He was retired at the age of six.

Military Honors Given Gladstone Victim Of War

Full military honors were accorded Pfc Dwight Stockholm at the funeral services at Memorial Methodist Church and Fernwood Cemetery Wednesday. The young soldier was killed in the Vietnam War. The Rev. George Olson officiated at the church service at 1:30 p.m. and the Green Bay Reserves conducted military rites with Capt. M. E. Brown, officer in charge.

The firing squad was composed of 1-Sgt. J. H. Godwin, S-Sgt. R. L. Richberg, F. D. R. Wilson and C. Patrick. Sgts. R. L. Olewinski and D. D. Masey. Pallbearers were 1-Sgt. R. Wolfale, and Gy-Sgt. G. R. McDonald, Sgt. L. L. Sly. Pfc Larozque, S-Sgt. J. Sulavin and Sgt. R. J. DeBoth. Honor-pallbearers were August Mattson Post veterans.

Briefly Told

Gladstone Community 4-H Club will sponsor a bake sale at Butch's Hardware Friday from 6 to 9 p.m. Parents of members are asked to have baked goods in by 5:30 p.m.

The Woman's Department of the Reorganized Church of Jesus Christ of Latter Day Saints will sponsor a bake sale at Mathison's Radio and T.V. Store Friday beginning at 1 p.m.

State Police issued traffic summonses Wednesday to Faye Wandahsega, Harris, no operator's license and no registration plates; Steve Shiverski, Perronville, no operator's license and expired registration plates; Robert Sauve, 1520 N. 18th St., Escanaba, no proof of insurance; George E. Leach, Old State Rd., Escanaba, reckless driving, lodged in county jail, complaint signed by private citizen; Ralph Granskog, Rte. 2, Rapid River, expired chauffeur's license.

Building

GAYLORD (AP) — Corner stone laying ceremonies for a new city-county building of design are scheduled during the annual Alpine Festival July 5-10. The building will house offices for Osego County and the city of Gaylord.

WORST DISASTER

The worst natural disaster in U. S. history was the Galveston storm of Sept. 8-9, 1900. The combined storm and flood claimed between 6,000 and 8,000 lives in the Texas town on the Gulf coast.

GOP Seeks House Votes To Enact Income Taxes

LANSING (AP)—With one eye on the calendar and the other peeled for votes, the House Republican leadership is continuing a desperate search for support for its latest tax proposals.

Five Republicans and five Democrats are believed to be the main targets of the vote drive, which is described as between three and five votes short of success.

However the five Republicans—whose votes probably will mean life or death for the tax bills—expressed varied degrees of opposition in separate interviews Wednesday.

Many House Democrats, meanwhile, predicted the search for enough votes would fail. Some, including party leader William Ryan of Detroit, said it wouldn't matter if it did succeed because the Senate wouldn't approve the House package anyway.

Tax Vote Anytime

The House tax showdown can come at any time. It probably will happen as soon as Speaker Robert Waldron and other GOP

leaders think they have the votes they need to pass their temporary, no-referendum package and its 2½ per cent person income tax.

"As soon as we get the votes corralled, it'll be up there in five minutes," said Rep. Roy Smith, R-Ypsilanti. Smith spent much of Wednesday conferring with five of the seven Republican holdouts.

"We're close. We're very close," Smith said.

How close they actually were could be revealed today at a scheduled Republican caucus.

While Smith negotiated with the five Republicans, Waldron met with five Democrats he apparently thought might vote for the Republican-devised package if the GOP agreed to a few changes.

It was reported that the meetings produced no agreements and no commitment of votes.

Under the current schedule, the Legislature would go home for a month June 16. With the days getting warm and the five-month session wearing on, most members would like to do just that.

But between now and June 30, lawmakers must pass multimillion dollar appropriations bills to keep the state running during the year that begins July 1.

Gov. George Romney has pledged not to sign any spending measures until he is certain the state will be able to raise the money they would require.

The five maverick Republicans whose support is being currently wooed are Reps. Donald Holbrook of Clare, Robert

Stiles of Manitou Beach, Lionel Stacey of Benton Harbor, Edson Root of Bangor and Gustave Groat of Battle Creek.

They were among eight GOP members who voted against a different tax package a month ago. Of the other three, Rep. DeForest Strang of Sturgis is regarded as back in the fold. It is thought Republican leaders have given up trying to win over Reps. Frederic Marshall of Allen and Don Pears of Buchanan.

Trenary

The Trenary dump grounds are now closed. The new dump on the Winters Road is open but no burning will be allowed. Only solid waste may be left there.

Until further notice the branch of the State Library at the town hall will be open Monday evenings only. Mrs. Sylvia Ostanek is the librarian. There will be a Communion Service at the First Lutheran Church Sunday, June 11 at 8:30 a. m.

The Lion's Club entertained the members of the high school graduating class at the Northwood Supper Club last week. This is an annual affair sponsored by the Lion's organization. The Lion's Club "Citizenship Trophy" was given to Joyce Charles, one of the graduating seniors, during commencement exercises, May 29.

The United States and Japan each have more amateur and professional photographers than any other country in the world.

Perkins

Mrs. Joe Cartwright is visiting in Milwaukee with her daughter and family, Mr. and Mrs. Peter Chapman and son, Melvin Cartwright.

Mr. and Mrs. Wendell Anderson of Green Bay visited with his mother, Mrs. Ethel Anderson, here last weekend.

Mr. and Mrs. George Neuhoff attended the first Mass of Raymond Zeigler, a newly ordained priest, at 10:30 a. m., Sunday, June 4 at Norway, Mich.

Mrs. Floyd Fuhrman has returned home after spending two weeks as a patient at St. Francis Hospital in Escanaba.

The installation of Rev. Peter A. Laaninen will be held Friday, June 9 at 8 p. m., at Faith Lutheran Church at Rock and Bethany Lutheran Church at Perkins. Reception for everyone following the installation will be held in the church basement. Pastor Laaninen is a resident of Rock.

Bethany Lutheran Church services on Sunday, June 11 are at 11 a. m., with Holy Communion.

A community meeting for the CCD was held Monday at the home of Mrs. Wilford Groleau, Brampton, and more of the same meeting were held on Wednesday at the St. Joseph's Church in Perkins and on Friday at the home of Lawrence Wilcox in Rock.

Meetings will be held next week at the St. Joseph's church parlor on June 12, 14 and 16 at 10 a. m. for all helpers.

fashion is our specialty

In This Corner

with Ray Crandall

Ray Anderson, former Escanaba High School athlete, was among nine varsity track and field letter winners at Northern Michigan University this spring. . . . Anderson was the sixth leading point producer on the Wildcat squad, earning a total of 19 points in six meets of which Northern won one.

Ewen High School has joined the Western Upper Peninsula baseball league which operates through the summer months, beginning Monday, June 12. . . . Other members of the prep loop are defending champion Ironwood, Hurley, Bessemer, Wakefield, Rergland and White Pine.

Carl Mayer, author of a no hitter earlier this season, scattered six hits while pitching his Northwoods Supper Club team to an 8-2 victory over Casino Bar in Marquette City softball league action. . . . Mayer has fashioned three straight triumphs this season.

It's an old sports adage that champions can't rest. . . . Down in Menominee Coach Bob Kryslak has issued a call for all boys interested in playing on freshman, jayvee and varsity teams to report to him this week. . . . Kryslak's Maroons, as you know, captured the state Class B basketball championship last winter. . . . With all the attention being centered on the basketball program at Menominee, we wonder how the traditionally powerful Maroons will fare in football in the future.

Northview Lounge got off to a successful start in the Soo softball league this week, beating the Seniors 7-1 behind Pete Synett's three-hit mound performance. . . . Dave O'Gorman, standout Soo High School athlete, contributed a hit and turned in an outstanding defensive performance in the outfield for the winners.

The Upper Peninsula high school tennis championship won by Stambaugh last weekend was the 12th for the Hill-toppers in the last 16 years. . . . Coach Don Elliott's netters have won the U. P. title eight times in the last 11 years. . . . His teams have also won 10 straight Menominee Range Conference crowns.

The Upper Peninsula track and field finals at Marquette this spring drew 58 schools for an all time record, topping the former mark of 55 in 1966. . . . Competing were over 500 athletes who had qualified at earlier regional meets.

Channing romped to a 17-0 victory over Quinnesec in an opening game in the Dickinson Iron County American Legion baseball league. . . . Rod Bloom and Todd Lindeman shared the Channing mound and gave up only two hits. . . . In another league opener Iron Mountain bombed Kingsford, 18-3. . . . Fifth team in the league is Crystal Falls.

Menominee High School, winner of the Floyd Barber Trophy in football last fall, will play a nine game grid schedule this season. . . . The Maroons will open with Stambaugh Sept. 2 and take on Esby, Madison West, Rhinelander, Holy Name, Iron Mountain, Ironwood and Kingsford before closing against archrival Marinette Oct. 28. . . . Menominee was unbeaten against Upper Peninsula football competition last fall but lost its Great Northern and U. P. titles because of an ineligible player on the squad.

Keith French, former outstanding Pembine High School athlete who has served as football coach and athletic director at Weyauwega the past seven years, has been named head football mentor at Craig High School in Janesville. . . . The LaCrosse State graduate, who earned his master's at Northern, chalked up a 47-9-3 record at Weyauwega.

Upper Peninsula football fans may have an opportunity to see one of the nation's outstanding college quarterbacks in action next fall when Northern Michigan University takes on the Quantico Marines Oct. 21. . . . Roger Staubach, former great Navy signal caller, is attending the Marine Corps school at Quantico and is expected to play for the Leathernecks this year. . . . Northern tied Quantico, 7-7, on the road last fall.

DETROIT TIGER and Kansas City players swarmed on the field for an eight minute battle in seventh inning of second game of doubleheader at Kansas City Wednesday. Umpires can be seen trying to break up two groups of battling ball players. (AP Wirephoto)

Inside Park Homer Snaps Tiger Streak

KANSAS CITY (AP) — The Detroit Tigers are taking their now-infrequent losses with a grain of salt.

After Rick Monday hammered an inside-the-park homer with a man on base and Kansas City whipped the Tigers 4-2 Wednesday night, Detroit Manager Mayo Smith said, "Our pitching is in good shape now."

Starter Mickey Lolich gave up five hits and lost his fifth straight game.

But Smith just ruminated a little bit and declared, "Lolich pitched fairly well, but Monday

got that big one with two out."

Smith said when Al Kaline smashed his 11th homer of the season in the eighth he "put us back in it but we couldn't get the job done."

He said "This is the best Tigers team I've played for. If we continue to get good pitching we can win it all."

"We've got power, a strong bench and a solid bullpen," he said. "This is our best chance in years and all the players realize it." Meanwhile, the White Sox doubleheader against Boston in Chicago was rained out, so the Tigers today lead the American League by 1 1/2 games.

Bert Campaneris opened the first inning with a single and then dashed for his 19th stolen base this year on the first pitch to Ramon Webster. The theft was so sure, Bill Freehan didn't attempt a throw to second.

Webster bunted Campaneris to third and Mike Hersberger's fly ball down the rightfield line brought the runner in.

The Tigers tied it in the fourth when Jim Northrup and Freehan assembled back-to-back doubles.

Monday's two-run blast in the sixth bounced off the wall in leftfield and got by Willie Horton who slipped and fell on the wet turf. The Athletics added a run in the bottom of the eighth following Kaline's solo shot in the top half of the inning.

"Kaline hit a slider which came in too high," said KC catcher Phil Roof.

Kansas City pitcher Tony Pierce, who was in the bullpen at the time, "We were certain Kaline's hit was going foul at first but the wind caught it and it just hung up there and was briefly fair."

"What the heck, he's making 75 grand for a lot of good ones—he's entitled to a lucky one now and then."

The defeat snapped a four-game winning streak for the Tigers, who fought their way to a doubleheader sweep over the As Tuesday night.

Smith confirmed that he and Kansas City manager Al Dark held a summit conference Tuesday night right after a brawl in the nightcap and agreed to talk to their players to keep tempers

Detroit is off today, enroute to California, where the Tigers will open a three-game weekend series against the Angels beginning Friday night.

California Pitcher Runs Scoreless Innings To 33

By The Associated Press
Now, it only it didn't rain on Jim McGlothlin's parade.

McGlothlin, who seems to labor with a constant cloud over his head, has brought a ray of sunshine into the last place existence of the California Angels this season.

The young right-hander hurled his third straight shutout Wednesday night, running his season's record to 6-1 with a 2-0 victory over the Baltimore Orioles. The blanking extended his string to 33 runless innings and lowered his earned run average to 1.07.

There were only three other games played in the American League Wednesday. New York and Washington split a two-night doubleheader, the Yankees taking the opener 7-1 and the Senators copping the second game 2-1. Kansas City defeated Detroit 4-2. Boston's doubleheader at Chicago and Cleveland's game at Minnesota were rained out.

In the National League, Houston hammered St. Louis 17-1. San Francisco nipped Cincinnati 4-3. Atlanta walked off Los Angeles 13-5. Pittsburgh blanked New York 3-0 and Chicago topped Philadelphia 3-1.

McGlothlin has allowed just one earned run in the last 49 2/3 innings he has worked and his only problem has been work—or rather the lack of it. The early season rash of rainouts deprived him of several starts but that's nothing new for McGlothlin.

"Back in 1963, I was going to be the opening day pitcher for Hawaii," he poured for four days.

The Angels got McGlothlin an unearned run off-loser Pete Richert in the first inning and the youngster made it stand up against the Orioles, who had scored 27 runs against California in a doubleheader the day before.

Jim Fregosi drove in an insurance run with an eighth-inning single but McGlothlin, who allowed four hits and struck out nine, didn't need it.

Fred Talbot hurled a six-hitter for the Yankees in the opener against Washington. New York scored four runs in the second inning—two of them on bases loaded—walks to Mickey Mantle and Ruben Amaro.

In the nightcap, Bill Monbouquette, making his first start for the Yankees, was nipped for single runs in the first and third innings and Phil Ortega, with late inning help from Dave Baldwin and Darold Knowles, protected them for the victory.

Doubles by Ed Brinkman and Fred Valentine produced Washington's first run and then Bob Saverine's double followed by an infield out and Cap Peterson's sacrifice fly brought home another in the third.

Ortega was sailing along on a two-hit shutout until the eighth when two-out singles by Mike Hegan, Mantle and Clark gave the Yankees a run. Baldwin retired Amaro to escape the inning and then Knowles set New York down in the ninth.

Rick Monday slashed a two-run inside-the-park homer,

giving the Athletics their victory over Detroit and tagging Mickey Lolich, 5-7, with his fifth straight loss.

Monday's shot snapped a 1-1 tie in the sixth after Bert Campaneris had walked. Paul Lindblad, a reliever, made his first start of the season for the A's and ran his record to 4-0.

giving the Athletics their victory over Detroit and tagging Mickey Lolich, 5-7, with his fifth straight loss.

Nolan Whiffs Mays Four Times; Can't Go Route As McCovey Hits Homer

By The Associated Press
Willie won't soon forget Gary Nolan, and Nolan will long remember Willie.

Willie Mays will remember the 12 pitches Nolan threw last night Wednesday as chief victim of the young Cincinnati right-hander's 15-strikeout performance.

Nolan will remember Willie McCovey for the one pitch he didn't throw past the San Francisco first baseman—McCovey hit it out of the park for a three-run homer to tie the game, which the Giants won 4-3 by scoring in the ninth inning off Bob Lee, who relieved Nolan after the one pitch.

"It was a good pitch I made to McCovey," the disconsolate 19-year-old rookie said. "I thought he would either pop it up or hit a grounder. It was just one of those things."

In other National League action, Pittsburgh blanked the New York Mets 3-0, the Chicago Cubs topped Philadelphia 3-1, Atlanta walked off Los Angeles 13-5 and Houston trounced St. Louis 17-1.

Kansas City beat Detroit 4-2, California downed Baltimore 2-0 and the New York Yankees beat Washington 7-1 before losing to the Senators 2-1 in the second game. The Boston at Chicago two-night doubleheader and the Cleveland at Minnesota game were rained out.

"He's just tremendous," Cincinnati Manager Dave Bristol said of Nolan who has won four of his five decisions. "I told him if he got Willie Mays, I would keep him in. He's such a man in

every way you just have confidence in him and go along with him."

Nolan did get Mays, Willie came up in the eighth with Jesus Alou and Tom Haller on base via singles and went down on strikes for the fourth time. McCovey, who also was fanned twice by Nolan, then homered on the first pitch.

Lee came on to end the inning but ran into trouble right at the start of the ninth.

Hal Lanier led off with a single and advanced on a sacrifice. Pinch hitter Jim Davenport walked and, after Alou, who got four hits off Nolan, lined out, both runners advanced on a wild pitch.

Haller drove in the winning run when no play could be made on his high bounce in front of the mound.

The Reds scored three runs off Juan Marichal in the sixth. Pete Rose homered for two of them. The other scored when Deion Johnson singled, went to second on a throwing error by Mays and came home on Tony Helms' single.

Manny Mota drove in two runs with a bloop single and Willie Stargell homered in Pittsburgh's victory. Tommie Sisk, 4-3, went the route for the third time in the Pirates last 36 games. No other Pittsburgh pitcher has completed a game in that stretch.

Ferguson Jenkins set Philadelphia down on three hits. Adolfo Phillips hit a solo homer and Billy Williams a two-run shot for Chicago. Tony Gonzalez homered for the Phillies.

Rogers Hopes Monster Makes His Game Well

GRAND BLANC, Mich., (AP) — Buick Open defending champion Phil Rodgers was hopeful today that a friendly monster would make his golfing game well enough.

The stocky, 29-year-old Californian led a field of 144—minus the glamor of Arnold Palmer, Jack Nicklaus and Gary Player—in a four-day assault on long-playing Warwick Hills Country Club.

Often referred to by the pros as "The Monster," Warwick Hills remains one of the toughest challenges on the PGA tour, and virtually all the pros learned it the hard way Wednesday in a pro-am tuneup.

The 7,280-yard course was chopped to 7,126 this year, but the addition of 33 traps and several clusters of small trees sent the pros to the clubhouse talking to themselves.

"Those greens on the back nine are real rough," said veteran Sam Snead, unhappy with his back nine although he picked up three birdies coming on his tuneup round.

Rodgers parlayed a red hot putter into \$68,000 in prize money on last season's PGA tour, including a \$20,000 top money in the Buick Tournament. He has had nothing but troubles this year.

His earnings to date for 1967's tour totaled \$9,600.

The field which set out after the \$100,000 prize money was minus not only the Palmer-Player-Nicklaus trio, but also Masters champion Gary Brewer.

All were reported tuning up for the national Open next week.

Tournament officials conceded that the condition of the course in the mid-year of a three-year renovation program was not the most attractive on the PGA tour this year.

played in all 10 Buick Opens.

Veteran Johnny Pott, who has picked up \$30,000, conceded that the course "is a little rough in spots, but is in real good shape if you consider the extent of the building program that has been going on here."

Former Buick champion Julius Boros seconded Snead's opinion that the greens on the back side were a bit rough. Most of the greens were relocated and rebuilt this year.

Mead To Meet Bankers In BR

Mead Paper meets the Escanaba Banks Thursday at 6 at the league field on South 14th street. Players are asked to report at 5:30.

A practice is scheduled for the Mead team on Friday night at 6 at the Babe Ruth field. The following boys are expected to report to managers: Paul Larson and Bill Pfister; Gary Brawley, Billy Johnson, Billy Suriano, Mark Satterling, Steve Olman, Barry Larson, Tom Kangas, Dennis Lancoeur, Kari Hammula, Gary Lark, Bruce Irving, Don Couineau, Bill Dubord, Rory Mayra and Bob Thompson.

In last night's action Harnischfeger and Teamsters player to a 2-2 deadlock.

BASEBALL CALL

TRENNARY—All boys in the area from 13 through 16 years of age interested in playing Babe Ruth baseball are asked to report to Jack Flynn Saturday, June 10, at the Trennary diamond. Boys are asked to bring mowies to help put the field in shape.

A pair of three-run homers paced Atlanta to its victory over Los Angeles. Clete Boyer also homered for the Braves, and Lou Johnson hit one for Los Angeles.

Houston jumped on five St. Louis pitchers for 23 hits, including five by Bob Aspromonte and four by Ron Brand.

Aspromonte, Brand, Rusty Staub and Jim Landis each drove in three runs as Bo Belinsky picked up his first victory, although he was relieved in the sixth when St. Louis scored to make it 3-1. The Astros then broke loose for 14 runs in the last three innings.

Flat Rock Nips Eastman's Team

Wednesday Results
Flat Rock 6, Eastman's 4
Raiders 10, Flat Rock 8
Game Friday
7—No Names vs. Flat Rock

Flat Rock evened its record in the American Softball League Wednesday night with a 6-4 decision over Eastman's in eight innings.

Billy Smith scattered eight hits for the mound victory while Flat Rock reached Bill Groleau for 11. Flat Rock got its third victory of the season in the eighth when Bill Plouff was safe on an error and scored on Dan Murenger's double. Murenger rode home on a two base blow by Nels Thompson.

Frank Trotter stroked a bases empty inside-the-park homer in the sixth.

In the junior game last night the Northtown Raiders edged Flat Rock, 10-8.

Beck, Friets Set Golf Pace

A pair of 48s by Vicki Beck and Martha Friets set the pace in the Highland Golf Club women's matches Wednesday.

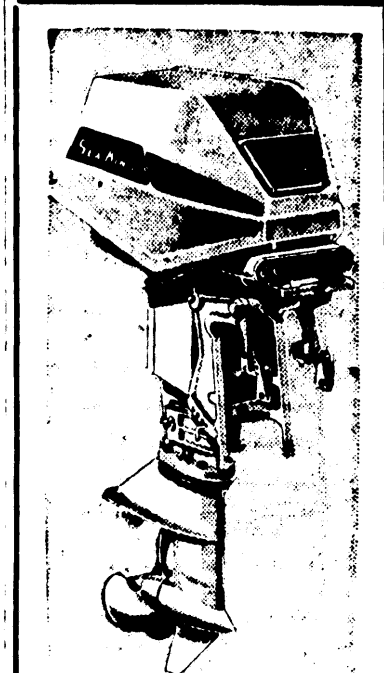

Other low gross prize winners were Marian Adams, Ruth Hengesh, Nancy Robinette, Babe Johnson, Letah Cooper, Edna Theriault, Betty Fassebender, Bernice Hanneman, Ruth Stade and Laverne Deloria.

U.P. Ski Trade Gained 30 Pct.

LANSING — The Michigan tourist industry, gearing for an expected recreational travel boom this summer, reported record travel business during the past winter, according to the Michigan Tourist Council.

The Council's just-completed winter survey shows the state was host to an estimated 270,000 skiers in addition to several hundred thousand ice fishermen, snowmobile enthusiasts, sightseers, festival-goers and other winter travelers, said William T. McGraw, Council director.

Skiers alone spent more than \$28 million, an increase of more than 30 per cent over the 1965-66 season when below average conditions for winter sports cost the industry at least \$3.5 million. The previous high for expenditures by skiers was \$25 million in 1964-65.

The statewide survey of winter travel business, in cooperation with the state's four regional tourist associations, showed many ski areas scored an increase of about 50 per cent over a year ago, McGraw reported.

McGraw said the tourist industry also benefited from generous amounts of snow and cold weather and added that the Christmas-New Year holiday period, when many resorts "make or break" for the season, was one of the best ever.

"About the only dark spot in an otherwise bright season was the record snowfall in late January," he said. "Many winter sports enthusiasts in the big metropolitan areas to the south of us had to delay or even cancel their Michigan winter vacation plans because of the storm, up to 24 inches of snow in 24 hours, in the southern part of the state."

Several areas, especially in the north, noted a significant increase in mid-week winter business.

Nearly 160 ski areas, chambers of commerce, hotels, motels, restaurants, service sta-

tions and other businesses responded to the survey.

The Upper Peninsula, not as seriously affected by poor conditions for winter sports during the 1965-66 season as other parts of the state, also reported excellent business, according to Kenneth Dorman, secretary-manager of the Upper Michigan Tourist Association.

The five U. P. ski areas responding to the survey reported an average gain in business of more than 30 per cent while chambers of commerce in the region reported an average gain of about 4 per cent. Increases reported by chambers of commerce included: Marquette and Alpena, 10 per cent; Sault Ste. Marie, 5 per cent; and Cheboygan, 9 per cent.

Among decreases noted by the chambers were 30 per cent at Ishpeming "primarily due to a lack of first class downhill ski facility," and 10 per cent in the Ontonagon area.

The East Michigan Tourist Association happily called attention to its "Think Snow" promotional campaign which began a week before the record snowfall. The storm started a string of excellent ski conditions that continued on through March.

Escanaba River To Get Rainbow And Brown Trout

State Representative Charles H. Varnum (R-107th District) today announced that the Department of Conservation Fish Division has approved the stocking of fish in the Escanaba River below Boney Falls this summer.

Varnum said that the Fish Division is stocking yearling brown and rainbow trout in the river annually beginning this year.

"I am pleased that my request to stock the Escanaba River was approved for action during this first year of this management program," Varnum said.

White Pine Gas Service Permit Asked

An application to serve the White Pine Copper Co. refining plant on the Upper Peninsula has been filed by the Northern Natural Gas Co. with the Federal Power Commission in Washington. The plant is in Ontonagon County.

Northern is hopeful that its plan to serve the White Pine facilities will be approved by the FPC in time for pipeline construction this summer. The project calls for the laying of almost 11½ miles of pipe, eight and 10 inches in diameter. Estimated cost is \$1.1 million.

White Pine will use the natural gas for processing the copper and heating.

The pipeline will extend north from Northern Natural's line that serves the Upper Peninsula and northern Wisconsin. This line extends from Carlton, Minnesota to Marquette, Michigan, and was completed in the spring of 1966.

Rosary Society Mrs. Harvey Arken, president of St. George's Rosary Society, presided at a meeting of the picnic executive committee, held Monday evening in the parish hall.

Committee chairman attending were: co-chairman, Mrs. Jerry Vandermis; kitchen, Mrs. Martin Kwarciany; dining room, Mrs. Leo Knauf; tickets, Mrs. Ellsworth Nault; clean-up, Mrs. Lawrence Knauf; public relations, Mrs. I. R. Nelson; concessions, Leo Knauf; Miss Carol Jean Arken will make the posters.

All preliminary planning was completed for the picnic which will be held Sunday, July 23, on the church grounds. Dinner will be served from 11:30 a.m. to 2:30 p.m.

Plug

TRAVERSE CITY (AP)—The Ski Council of the Traverse City Area Chamber of Commerce has hired a public relations firm to help plug the area for winter skiing, assistant chamber of commerce manager Hal Van Summerin said today.

Higher Park Fee 'Discriminatory', Says Schweigert

Senator Thomas F. Schweigert (R-Petoskey), president pro tem of the Senate, today expressed regret that the Senate had passed a bill to sharply increase fees for use of State Parks.

"I have always favored good state parks and I feel we have one of the finest state parks in the country," said Sen. Schweigert.

"But I feel that the bill that passed Tuesday discriminates unduly against the thousands of out-of-state people who own cottages in Michigan and have been coming to this state for many years."

"It seems very shortsighted to pay millions of dollars to attract people to Michigan and pass a bill like this that seems to say 'we don't want you.'"

Sen. Schweigert said "I feel that a charge of \$5 for an annual park fee for non-residents is excessive. It isn't that most of these people cannot afford the fee. But owning summer homes in Michigan, they feel they are victims of discrimination."

"I vigorously opposed this bill on the Senate floor and I am sorry we could not rally enough support to kill it permanently."

ROGER R. MARTINSEN, son of Marie Martinsen, 1600 N. 19th St., has graduated from the University of Georgia with a Bachelor of Science degree in education. He was affiliated with Phi Epsilon Kappa fraternity. In the fall he will continue study for a Master's degree at the University of Georgia where he has been awarded a graduate assistantship in the Physical Education Department.

UAW

DETROIT (AP)—Sam Fishman has been appointed Michigan coordinator for the United Auto Workers Citizenship-Legislative Dept., UAW President Walter Reuther announced Wednesday.

Presently administrative assistant to Secretary-Treasurer Emil Mazey, Fishman now reports to Roy Reuther, national director of the department.

Fewer Fires

Sixty-four fires were reported in the Upper Peninsula in the week ending June 3.

Twenty-five fires in the Escanaba District burned 196 acres.

A total of 229 U.P. fires have burned 756.7 acres to date. Last year at this time 193 fires had burned 1,902 acres.

Weekend Outing Helps Big Mac

ST. IGNACE — Proof that Monday holidays would be a great boon to Michigan tourism was evident in the 1967 Memorial Day Mackinac Bridge traffic. There were 3,800 vehicles less than the three day holiday weekend in 1966 and 1,500 under 1965 which was also a three day weekend holiday, according to Prentiss M. Brown, Bridge Authority chairman, in his monthly report of bridge traffic and revenues.

"May traffic was actually running ahead of a year ago until the holiday weekend," said Brown, "but with Memorial Day being celebrated on Tuesday instead of Monday as it has been for the past two years, thousands of persons apparently decided not to visit the Upper Peninsula."

When Memorial Day was observed in the weekend in 1958 the bridge was crossed by 32,000 vehicles. In 1960 it was observed on a Monday and 25,000 vehicles crossed. When it was observed on a Tuesday in 1961 the count fell to 19,060 and rose to 29,700 again when it was observed on a Monday in 1965 and to 32,000 when it was observed on a Monday in 1966.

"Weather may affect bridge

traffic in the course of a summer, but apparently has little influence on plans for a particular holiday," said Brown. "Last year there was snow in the Straits area during the Memorial Day weekend yet a new record was set for bridge crossing on that holiday period. This year the weather was fair, but the split holiday apparently deterred a great many trips."

May traffic was down 2 per cent from 91,944 crossings last year to 90,994 this year. Revenues also were down 1.9 per cent from \$413,404 to \$405,419. Truck traffic, mostly recreationally used pickups, was up 8.7 per cent.

For the first five months of 1967 traffic is about the same as a year ago, 250,404 and 250,380 crossings. Revenues for the same comparable periods are \$1,161,574 against \$1,177,209, a drop of 1.3 per cent.

Powers-Spalding

The Powers-Spalding Lions Club was represented by Mr. and Mrs. Bernard O'Neil Jr., Mr. and Mrs. Sanford Strand and Robert Meintz at the 45th annual District 10 convention held in Menominee June 2-3.

Mott Urges Capital Plan

FLINT (AP)—Charles Stewart Mott, a multimillionaire philanthropist, is proposing to President Johnson that Washington, D. C., be made "the nation's ideal city."

The Mott Foundation, the philanthropist wrote President Johnson, is "willing to make certain contributions" toward development of community-improvement projects in the nation's capital.

Mott has given millions over the last 32 years to support community development projects in Flint. The Flint program is aimed "to increase education (for both youths and adults), recreation, physical fitness, child health, understanding of basic economics, social services, self-reliance and useful living."

Mott proposed that Washington incorporate the best techniques learned in Flint and elsewhere in its community improvement program.
